SS MADNESS RULES 2026

1. Any stock 2wd 1980 newer car, mini van, small suv and mini truck. (No astro vans)
2. All vehicles must be stripped clean on the outside, all lights, glass and plastic needs to be removed. Your vehicle will not be inspected if you can't follow these simple rules.
3. All doors must be duct taped or wired shut, hood and truck lids must be wired or chained in 4 spots and especially rear hatch.
4. 2 non DOT approved tires will be allowed, the other two must be DOT approved.
5. 4 point cage and roll over bar is allowed. 3x3 max size tubing. That's the only welding on the vehicle no v-8 SUV's or trucks.

There is to be nothing added in the engine compartment that isn't there from the factory, such as ratchet straps, wire, cable, chain or anything else.

If the vehicle is all time AWD two tires must be taken off, we recommend you cut the axles or pull the driveshaft if possible. This is only on AWD vehicles, if it's made to be put in 4wd and can pull a shaft without handicapping the vehicle you must do so.

Any vehicle caught in 4wd will be disqualified no questions asked.

Factory exhaust only as well as all other components, nothing through the hood.
