The main kitchen area is centred around a grand dining table for 20, ideal for collaborative meals, formal meetings, or creative workshops.

THE HUB OF THE HOUSE

At the heart of the house is the studio, a versatile space accommodating up to 20 people. Normally set up with 3 large sofas and 5 sturdy cushion seats, it is ideal for collaborative sessions or leadership meetings.

Illuminated from above, the studio offers 770 square feet of adaptable space, easily tailored to your requirements. There are also several additional rooms for 1:1 discussions or smaller group sessions.

In the evening, the roof terrace's fairy lights create a captivating atmosphere. If required, we have a team of wellness practitioners who are available to enhance your event with activities ranging from breathwork to qigong and yoga.

LUXURIOUS LIVING

Riversdale Lodge features several spacious areas, including an elegant drawing room with a four-person sofa, two love seats, a log burner, and a television.

Additional amenities include a cosy cinema room with TV and piano, and a dedicated study area, ideal for breakout sessions.

THE RIVERSIDE GARDENS

A long, tree-lined garden extends from the house to the river's edge, culminating in a large jetty with views over the River Thames and Cookham Moor.

We can accommodate boat charters up to 45 feet in length.

The expansive lawn is perfect for outdoor activities, from yoga sessions to afternoon teas.

Our riverside kitchen, complete with kettle, fridge, oven and sink is ideally situated for enjoying refreshments by the water.

The gardens are home to 42 species of birds, including two resident swan families who often greet guests relaxing beneath the weeping willow. The peaceful moorlands provide a picturesque backdrop to the lively scene of boats gliding along the river.

For those wishing to participate, free to use and included as part of your stay, are 4 paddleboards, a canoe, and life jackets in the boatshed.

For guest numbers up to 20, you can hire a River Adventures or Paddleboard Yoga instructor who will provide you with all the required equipment such as life jackets, boards and insurance

Guests may also use the jetty and slipway for wild swimming or to experience the restorative benefits of cold water therapy. You are also able to experience cold water therapy in the splash pond.

There is a large fire pit on the jetty, next to the outdoor kitchen and barbecue, perfect to enjoy the sun setting over the river.

Above the studio is the roof garden, planted with medicinal herbs and bathed in morning sunlight, ideal for tranquil moments and decorated with fairy lights to use during the evening.

At the end of the garden the Meditation Orb offers a warm, inviting space, with views of the Thames and illuminated by twinkling lights, perfect for individuals or small groups to relax.
