

## Technical Data Sheet

### Product Description

BioFlo Pig Wash & Tool Cleaner by BioFlo Technologies is the most advanced solution for cleaning pipeline pigs and oilfield tooling contaminated with heavy crude and difficult to remove paraffins and asphaltenes. BioFlo Pig Wash & Tool Cleaner effectively dissolves and removes packed on grime in open-air environments without evaporating. Simply apply BioFlo Pig Wash & Tool Cleaner and let it do the work.

BioFlo Pig Wash & Tool Cleaner is non-toxic and biodegradable. It has a high flash point and does not sustain combustion making it much safer than anything else on the market today.

BioFlo Pig Wash & Tool Cleaner is an upgrade over traditional solvents in every facet. Safer, more effective, and eco-friendly BioFlo Pig Wash and Tool Cleaner is the new industry standard.

Physical Properties	Value
Flash Point (Tag CC)	143.70°F / 62.06°C
Boiling Point	377.23°F / 191.79°C
Pour Point	-91.13°F / -68.41°C
Specific Gravity 60°F/60°F	0.807
Density, lbs/gal @ 60°F	6.74
Average Molecular Weight	158.21
Relative Evaporative Weight	0.09
Vapor Pressure, torr @ 20°C	0.33
Viscosity cSt @ 20°C	1.91
Kauri-Butanol Value	33.83

### BioFlo Technologies

BioFlo Technologies has been serving customers with comprehensive solutions since 2010. Our bilingual staff has extensive experience in every facet of the Oil and Gas industry. Please enquire for additional information in English or Spanish.
