**WINTER COUNT**

**FEB. 16-22, 2025**

*Registration is closed!*

However, S.A.L.T. Members will be going for a whole day as a Group to visit Winter Count which is east of Florence, Arizona on Monday, February 16, 2026. We will be traveling as a group and meeting in Florence at the Burger King on Hwy287 at 10 am and then making the trip into the Winter Count site due to the limited parking available. If you have not attended Winter Count, it is a great venue! You will get to see and meet many talented Instructors, watch different classes, and get to shop for those hard-to-find items needed for your next skills projects! Attending is a very fun experience, and it may encourage you to attend the next Winter Count in 2027 for the entire week. For that you must register early! This one opened on 11/1/25 and was already closed before it began!

We need to provide the Winter Count staff with the names of the S.A.L.T. Members that will be attending for the day. Please call Charlie if you are interested as soon as possible in case the list becomes too long and you cannot be added. February 7<sup>th</sup> is the cutoff date, and we will be sending the list of S.A.L.T. Member attendees to the Winter Count staff. Please bring some snacks & water, cash, good walking shoes, a hat, and layer your clothes for the weather. We usually eat some breakfast at Burger King and then on our way back out, stop for dinner somewhere in Florence.

**MEET IN FLORENCE, AZ at BURGER KING on HWY 287**

**AT 10:00 am. Call Charlie Tadano at 602-524-6910 if you  
have questions and to get on the list!**

## CHERT & JASPER POINTS 1/23/26 by Bill Warner

Picked up some mostly finely grainy grey chert that beds very near the Devonian stratum that holds "Perkinsville Jasper" in central AZ. After heat treating smoother grades seem to be a fairly decent knappables, though not as good as Georgetown chert or hornstone, both that can be similar looking in color. The grainy stuff still flakes, though not as well as the smoother stuff, of course.

Jasmine and Eva both made fire the first time!

Thank you to everyone who brought goodies for the Potluck!

## JANUARY 2026 OUTING IN THE SIERRA ANCHA MOUNTAINS by Mari & Dalen Townsend

A few weeks ago, Dalen and I embarked on a jeep adventure in the Sierra Ancha Mountain Range. The jeep trip was easy, but the climb was difficult. Dalen coached me up the narrow shelf that ascends a cliff face to a shallow alcove above Coon Creek. The rewards were great on this one - a multi-room cliff dwelling built high up a canyon wall. This dwelling was built by the Salado Culture approximately 700 years ago. This cliff dwelling has been named Hematite House from the red and yellow hematite iron oxide mineral that adorns the ruin in a vivid band. The Salado inhabited the area from 950 CE through the 15<sup>th</sup> century. There are other Salado Culture ruins in the Tonto Basin, Roosevelt Lake, and Salt River area including Tonto National Monument (a popular cliff dwelling maintained by the Forest Service), Cline Terrace (a platform mound), and Copper Mountain Indian Cave which we have visited many times.

Curiously, the Devils Chasm ruins above Cherry Creek are not Salado, but are from the Anchan people. This trip is worth the effort to explore the cliff dwelling and walk in the footprints of the ancients. I hope you enjoy the photos. If there is interest, Dalen and I could lead a field trip to this location above Roosevelt Lake.

### Primitive wilderness survival

"It's not in our nature to go against nature. When we fight it, we're really fighting ourselves — because we are nature. The natural world is our classroom. We're part of the pattern, the organizers of our own experience. We recognize beauty in every sense because it's woven into who we are." -Holladave Talked to Holladay and we've decided to open up a few more spots to the sold out "Echoes of the ancestors" class this February!

We have a massive venue and both of us are teaching so we're going to allow 4 more students in!

# WINTER COUNT

MARK YOUR CALENDARS FOR

**FEBRUARY 14-22, 2027**

**REGISTRATION OPENS NOVEMBER 1, 2026**

Winter Count, (started 1995), is part of a family of gatherings that strive to reconnect people with old ways of making fire, tanning hides, forming metal, weaving baskets, hunting, gathering and much more. We teach ancestral skills that were essential to the survival and well-being of all cultures, no matter what continent your ancestors came from. Through the understanding and mastery of these skills, people find that they can connect not only to a simpler way of living life but also to the roots of their heritage and to a pathway to interact more deeply with the natural world. We provide a camp with some of the best instructors in their fields, teaching what they have learned through experience, experimentation and through source materials. Some of the instructors have spent many years perfecting their crafts. Some have managed archeological sites while others have lived deeply among the wild places, hunting, raising their own food and making their own clothing and tools from the most basic elements. We are a diverse group of people from many experiences, opinions, and family backgrounds, who come together to share what it is that makes us excited about life.

Winter Count is a drug, alcohol, and firearm free event.
