S'EDAV VA'AKI Museum (formerly Pueblo Grande Museum) is an archaeological site once inhabited by the Hohokam culture, just east of downtown Phoenix, next to Sky Harbor International Airport. It's a National Historic Landmark and Phoenix Point of Pride accessible by the Sky Train and the Light Rail. Part of the City of Phoenix Parks and Recreation Department since 1929, it's the largest preserved archaeological site in Phoenix.

On October 17<sup>th</sup> I joined the re-opening of [S'edav Va'aki Museum - formerly Pueblo Grande Museum](#), now with beautifully renovated spaces. Thanks to support from the Salt River Pima Maricopa Indian Community, we launched a new exhibit and adopted a land acknowledgment. I encourage everyone to check it out!

Here's a look at the newly completed set of murals in the S'edav Va'aki Museum lobby. The imagery includes desert flora and fauna native to emulate the landscape from when the Salt River was flowing and when the canals were in use. Another huge shout out to our amazing muralists; Lauren Lee @mslaurenlee, Jason Begay @primeafterprime, and Jaime Ruiz @jaimelynnruiz. Check out more of their artwork on their Instagram accounts!

What's for dinner in 1224 AD?  
with Ron & Donna Moses**

SKILL	Apprentice Level I	Apprentice Level II	Apprentice Level III
17. Cooking / Gardening	Research and grow or forage 6 native plants for food	Research and cook 6 dishes from native plants	Bring 3 dishes made from native plants to a S.A.L.T. Potluck

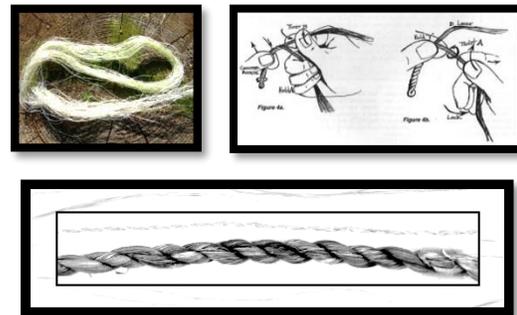

This 3-hour workshop, part of **S.A.L.T. Skill #17 Cooking/Gardening**, will explore the many ancestral foods that would have been available at a feast somewhere in the Americas 700 to 800 hundred years ago. You will have a hands-on opportunity to prepare and cook a traditional **Boiled Masa Bread**, which will become a part of the foods you can sample later at the "Dinner". Come find out where potatoes really originated, and that tomatoes are not Italian, and that corn has a "Lost Recipe."

**SKILL #1 CUTTING TOOL: Level I**  
Make a flake and discoidal blade.

**SKILL #2 CORDAGE: Level I**  
Make a uniform 3-foot length of cordage.

**SKILL #3 FRICTION FIRE: Level I**  
Demonstrate one method of primitive fire starting.

(Beads will be given out to new members when Level I of all three of the above Membership Requirement Skills are completed, and dues are paid.)

**Remember to bring your own primitive tools and materials to the Monthly Skill Meetings, if you have them. Materials for the Membership Requirement Skills are provided at each meeting for guests and new members.**

Also, you are responsible to sign in at meetings and events to be included in the newsletters, etc. and note on the sign-in sheet each level of each skill you complete to be awarded your beads. You need to make a Personal Bead to receive the leather thong for your Skill Beads. Thanks!

## S.A.L.T. SKILL #17 EDIBLE PLANTS MUSHROOMS with Bill Warner

SKILL	Apprentice Level I	Apprentice Level II	Apprentice Level III
15. Edible Plants	Research 12 plants and fieldtrip to Botanical Gardens or Boyce Thompson Arboretum	Research 12 more plants and fieldtrip to Reevis Ranch or take Winter Count class	Demonstrate processing and storage of 24 plants

The class is an introduction to mushroom hunting in Arizona, including a brief introduction to basic mushroom biology and morphology, mushroom toxins, and information on several of our easier-to-identify "known edible" species. It turns out that Arizona has excellent mushroom hunting, at least in wet years, with many of the classic "gourmet" edibles being represented, including porcini and other boletes, chanterelles, oyster and lobster mushrooms, shaggy manes, cauliflower and coral mushrooms, and dozens of others. The talk will provide a beginning mushroom forager with the basics of the how, when, where and a peak into the what to look for in useful macro fungi for our state.

Fantastic presentation! Bill Warner has a vast knowledge of mushrooms! He lectured without notes and shared some of it with over 50 slides of information. It would be great to do a field trip one day!

### 35,000-Year-Old Mammoth Masterpiece Info by Peter Huegel

"Mammoth Masterpiece! One of Humanity's Oldest Artworks – 35,000 Years Old!

Discovered in southern Germany, this tiny mammoth carving is not only an extraordinary piece of art but also one of the oldest known artworks created by Ice Age humans. Carved from mammoth ivory around 35,000 years ago, it offers a rare glimpse into the creativity and symbolic thinking of our ancient ancestors.

Now housed at the Neanderthal Museum in Mettmann, Germany this carving showcases the early development of art, where humans began to express their connection to the natural world through detailed, meaningful creations."

### FLINT KNAPPING by Tom Wax

It has been a long time since I have Flint Knapped, but I made this point today. I will get back to improving the skill that I used to do.

### AGAVE Info by Ron Moses

A nice little Agave murpheyi pup settling into a new home (at least for a while). This youngster is about 1.5" tall. Also known as Hohokam Agave, this species was originally brought into the area surrounding modern-day Phoenix by the Ancient Desert Dwellers of the Hohokam Culture, hence the name. Sometime in the distant past, plants were relocated from native growing environments in central Mexico, hundreds of miles to the south. This species produces a particularly sweet agave nectar, and the mature harvested heart, when roasted, provides a very delicious food source. These characteristics made this a very desirable crop plant. Prior to European contact, it is estimated that there were vast areas of this agave growing on slopes in the surrounding desert. Being outside the irrigated fields of the river basins, the ancestral agave farmers used rock pile mulching and landform diversion of rain to supply the necessary water for tens of thousands of plants. Today, a very isolated and very small handful of wild plants remain in the long abandoned growing areas. It seems the original cultivated crops of this species were entirely dependent on human intervention to grow in this particular environment. Only the rock piles remain to tell the incredible story of the Hohokam agave to observant desert wanderers. My source plants all originated from local domesticated growing programs and were not, and never would be, collected from wild agave colonies, which are protected by state and federal laws.

## FALL CAMP for ANCESTRAL SKILLS HIGHLIGHTS

October 10 – 13, 2024

Fall Camp @fallcamp\_ancestralskills was a quiet and reflective event this year. A short but sweet time spent with strangers who share common interests and who have become dear friends over the last couple of years.

Both the spring and fall camps are a time to reconnect and become a little more wild, feral and free... just like we like it!

This year we had a great northern lights show, wonderful food made by [Patrick Farneman](#) over the campfire, fire oven pizzas and fry bread made by @mowynecoop.

Due to the timing of both camps, I always feel as though I have more important things to do on the Homestead, then sit and learn cool ancestral skills. Sometimes with so much pressure put on us, a majority by ourselves, it's hard to let go of expectations and control and just enjoy the moment. The camps have

become our getaway and a place to unplug and relax and we are forever thankful to Patrick and [Mullein Jane](#) and their crew for putting on such a great event.

## WINTER COUNT

MARK YOUR CALENDARS FOR  
**FEBRUARY 16-22, 2025**

**REGISTRATION OPENS NOVEMBER 1, 2024**

Winter Count, (started 1995), is part of a family of gatherings that strive to reconnect people with old ways of making fire, tanning hides, forming metal, weaving baskets, hunting, gathering and much more. We teach ancestral skills that were essential to the survival and well-being of all cultures, no matter what continent your ancestors came from. Through the understanding and mastery of these skills, people find that they can connect not only to a simpler way of living life but also to the roots of their heritage and to a pathway to interact more deeply with the natural world.

We provide a camp with some of the best instructors in their fields, teaching what they have learned through experience, experimentation and through source materials. Some of the instructors have spent many years perfecting their crafts. Some have managed archeological sites while others have lived deeply among the wild places, hunting, raising their own food and making their own clothing and tools from the most basic elements. We are a diverse group of people from many experiences, opinions, and family backgrounds, who come together to share what it is that makes us excited about life.

**Winter Count is a drug, alcohol, and firearm free event.**

# 《 》 BETWEEN THE RIVERS GATHERING 《 》

May 26<sup>th</sup> – 31<sup>st</sup>, 2025

Email Mullein [HERE](#) with any further questions

Between the Rivers Gathering is a week-long educational workshop for learning skills that originated in the stone-age all the way up to modern homesteading. We are an annual event located in Washington State about an hour north of Spokane. We will have a multitude of instructors offering a broad-range of classes all week long. Included will be wilderness survival skills of all kind, basic and homespun living, preparedness and skills of a practical and archeological nature.

**We offer hands-on classes in ancestral living and survival, and we also focus on the skills of self-sufficiency and sustainable living to minimize our impact on this planet we all share. Come join our community and experience for yourself what an ancestral skills gathering is all about!**

## 37<sup>TH</sup> RABBITSTICK

in Rexburg, Idaho

**SEPTEMBER 14 – 20, 2025**

Rabbitstick Primitive Skills Gathering, held the 3<sup>rd</sup> week of September in ID, is the premier Backtracks event. Rabbitstick is the oldest of all of the modern primitive skills events and has been the model for most of the events currently running worldwide. Each year we host nearly 150 instructional and support staff who provide a camp with hands-on classes that run 9am-5pm for 5 days for about 400 registered participants. This is an unparalleled opportunity to learn skills and get to know teachers that you can trust. Visit our new website [-rabbitstick.com](http://-rabbitstick.com) – for complete event and registration details.

Backtracks has assembled one of the largest and most complete rosters of primitive skills teachers and practitioners available anywhere. Backtracks is your source for the best instructional staff you'll find at any event. **Join us next year!**

## PRESCOTT PRIMITIVE LIVING SKILLS Prescott, Arizona

Check out Kiowa Sage on Facebook!

Hello friends! It's Kiowa Sage! I started a local meetup group to teach courses on primitive living skills, nature awareness and outdoor survival skills - all of which I've been training in for many years. All classes ranging from two hour workshops, day long classes and multiple day immersion courses. Skills and knowledge bases such as making fire with sticks, edible and medicinal plants, animal trapping and tracking, fiber arts and weaving, basic outdoor survival skills and how to do more with less in the outdoors. Right now I only have a couple classes listed until I acquire more traffic. Check out some of the listings that are available! [www.meetup.com](http://www.meetup.com) Watch for new listings of classes that are offered, and there will be more to come!
