

SUFFOLK

ALL ROOM DIMENSIONS ARE APPROXIMATE.

These drawings are representational only; certain modifications have been made

The SUFFOLK is a single level home featuring two or three bedrooms, living room with cathedral ceiling, raised hearth fireplace, skylights and two atrium doors to the deck. The large eat-in kitchen also has access to the deck. The formal dining room with French doors opens to the fenced garden. There are two full baths and an attached two car garage. The deck may be transformed into a family room or screened porch. The design shows a half wall between the kitchen and living room, but you may have the option of a full wall to separate the rooms.

As with all Hunting Ridge Farm homes, the SUFFOLK features interesting design details including an internal window treatment in the dining room overlooking an "air-lock" vestibule, built-in bookcases in the main hallway, and an optional cathedral ceiling in the dining room.
