Penny Haren

For more than 30 years, Ohio-based Penny Haren has been developing and teaching techniques that make it quick, easy and fun for quilters to create heirloom quality quilts with stunning results.

As a member of the Creative Grids® team, she has developed several rulers and worked with nationally written designers as they “gave birth” to their creations. She has written several books including Log Cabin Quilts, featuring the Creative Grids® six-inch log cabin trim tool, and Dresden Plate Quilts, featuring the Kaleidoscope Rules. She has also written several patterns for Cut Loose Press that feature other favorite notions. Penny consults with and writes the newsletter for Checker Distributors, the most diverse distributor of books, patterns, notions and fabrics in the quilting industry and is Project Manager for Cut Loose Press, a company with over 400 patterns that support notions such as Creative Grids® and The Gypsy Quilter.
