President's Message by Susan Raven, RN, CEN

Tarrant County Chapter

May 12, 2020

Happy Nurse's Day! This is unusual year dealing with COVID but nurses all through our facilities are staying strong. The public has stood up to honor nurses this year with the public flyovers and signs of support and love. ENA will also celebrate the organization's 50th Anniversary in this year of the nurse. We also will honor the birthday of Florence Nightingale during Nurses' Week. So many special events in this the Year of the Nurse!

Tarrant County ENA activities have been slowed by this pandemic but the Board of Directors have been busy behind the scenes planning future events. We are looking forward to somewhat normal operation in the fall of this year. There are plans in the works for a Day of Service to our community as well as a Career Day for our area Nursing students in October. We are currently selling T-shirts for nurses in the area and the information is on our updated TCENA.org website. We are a large chapter with 636 ENA members covering the large region we live in. We try to move our chapter meetings around the region and this year we are visiting Decatur, Mansfield, Arlington and Fort Worth to allow all members to come to a meeting near you. The information on these meetings is on our website at www.TCENA.org.

Please stay safe and continue with hand washing, social distancing and wearing facemasks in public. Support everyone around you in your facility and the staff who stand behind the doctors and nurses like patient care techs, Environmental Services, Public Safety and others who are there to help you keep caring for your patients. Say thank you to them!

Thank you for being in the hospitals and let the chapter know how we can help you.
