

**NEW
PARTS!**

JUNE 2024 edition

**WDFenterprises.com
262-686-7120**

Attention: Parts Manager

WDF ENTERPRISES has expanded our aftermarket Fiberglass Panel offerings for the Case IH 71xx, 72xx and 89xx Series Magnum Tractors! We've added the side screens and hard to find brackets to support them.

After years of repairing OEM panels with broken mounting studs, endlessly scavenging scrapyards for seemingly non-existent used panels and paying high OEM prices for the same faulty design; we decided it was time for a change. We are proud to announce that we have developed and are manufacturing our own panels using the exclusive AK Mounting System that will surely outperform the designs of old at a price that cannot be beat.

There are many benefits to upgrading to our new and improved mount. With the AK Mounting System:

- An aluminum stand-off embedded into the fiberglass is used to insure a solid mount.
- No alterations to your existing mounting frame are necessary.
- The mounting stud, which is included, is simply bolted into place.
- And last, but not least, you'll be amazed at the time and aggravation you'll save yourself!

At WDF Enterprises we hold ourselves to high standards of quality; our panels are manufactured to ensure durability and a superior fit. All of our products are proudly manufactured in the USA.

Thank you for your time and attention. We look forward to hearing from you and helping to service your needs! Any questions, please feel free to contact us.

Sincerely,

A handwritten signature in black ink that reads "Wayne".

WDF-87661289 DRAFT LOAD PIN ELIMINATOR KIT

NEW

Case PUMA or New Holland 2008 or later tractors with LOAD PIN FAULTS! Our DRAFT CONTROL LOAD SENSING PIN ELIMINATOR KIT (WDF-87661289) removes faulty draft control load pins on the Case PUMA or New Holland 2008 or later tractors restoring operation to the three-point hitch, less the draft control feature. Once installed these eliminators stop the annoying error code ("S") on start-up and the time it takes to bypass it to use the three-point hitch.
