

POSEIDON ROBOTICS

BlueROV2 by Blue Robotics, Assembled, In Stock, and Ready to Ship!

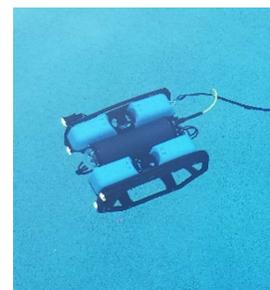

Blue Robotics Inc manufactures one of the best value ROVs in the world. If you need an already assembled ROV tomorrow, Poseidon usually has one in stock. Our team has assembled dozens of these ROVs for customers. Each one is carefully assembled, tested, calibrated, and put through a factory acceptance test before being shipped. Includes everything needed to operate, even a handheld controller with sunlight readable HD screen. Get this highly portable system today. 90 day limited warranty.
