

# POSEIDON ROBOTICS

**BlueROV2 by Blue Robotics, Assembled, In Stock, and Ready to Ship!**

Blue Robotics Inc manufactures one of the best value ROVs in the world. If you need an already assembled ROV tomorrow, Poseidon usually has one in stock. Our team has assembled dozens of these ROVs for customers. Each one is carefully assembled, tested, calibrated, and put through a factory acceptance test before being shipped. We keep them in stock: if you need an ROV tomorrow, we can ship one today. 90 day limited warranty.
