

**2021-2022 Tuition Summary**

WVCA K-8 Grade is a private school with no state or federal funding. Tuition is the sole form of income for operations. The fee schedule is an outline of tuition for each school component. Tuition is based on an annual fee billed over ten months beginning in August. Students enrolling after August will be billed for the first month of attendance, as well as August tuition at time of enrollment. We do not accept tuition in full. Tuition is not inclusive of special events, sports participation, or field trips.
