

Welcome to Third Grade

Dear Parents and Third Grade Students,

I am so excited to be back teaching at West Valley Christian Academy. It is an honor and joy to be your third grade teacher. I wanted to take this opportunity to share a little bit about myself and welcome you to my class.

I have been teaching in the Christian Education for 31 years. I have been married to my husband, Dave, for 28 years and we have twin daughters, Amber and Tayler who will be 27 this summer. Both my daughters attended W.V.C.A. from Pre-K to 8th grade. It had been a blessing to be both a parent and a teacher here for so many years!

I am so inspired to start my 17th year teaching here at West Valley. It is my desire with God's guidance to teach and encourage your child to develop academically, socially and spiritually. I will encourage your child to become independent by making learning fun but challenging. It is my goal to nurture your child's self-esteem in a positive manner. Lastly, it is my ultimate prayer that all of my students learn about God's love and will strive to always do their best for Jesus!

There are so many interesting things we will learn and explore in third grade. The children will learn all about God's amazing creation and how to apply our daily Bible lessons to their own life. They will also have many opportunities to practice their reading and creative writing skills through our Language program. In Math, the children will be mastering multiplication facts, working on division, measurement conversion, solving word problems and reviewing concepts already practiced to have a greater understanding and comprehension. Our Science and Health program will show the children how their bodies grow and they will see the world around them. Lastly, in History, the students will study our country and the people who impacted it. I will have samples of our third grade curriculum at the orientation.

We are going to have a fantastic year together in third grade! I believe that the relationship between the teacher and the parent is one where we can partner together to educate your child to develop to his/her fullest potential. Please feel free to email me, or send a note if you need to get in touch with me. I welcome parent communication!

Attached you will see a supply list needed to start school. Please bring the supplies listed in a disposable bag to the orientation in August. More details for the evening TBA. soon. The first day of school is on Tuesday, September 6th. Have a blessed summer and I will see you in August. I will be praying for all of you!

In Christ,

Mrs. Lennier
