This program option will conclude when WVCA K-8 is permitted back to school.

MOU with WVCA: WVCA Cougar Club has contracted WVCA K-8 teachers to provide distance learning supports during independent study times, where children at home distance learning would require adult assistance. Cougar Club is providing a full school day child care experience

providing the health, safety, and supervision of the students in licensed child care classrooms while contracted WVCA K-8 employee to help facilitate the implementation of the WVCA K-8 Distance Learning Plan through the Schoology Platform as detailed in the WVCA K-8 Parent Handbook, while implementing the health and safety measures outlined in the WVCA Preschool-8 Reopening Plan.

While we have the unique opportunity to utilize the school classrooms due to our license, this is not to be confused with school as usual. WVCA K-8 Teachers are not in class for the duration of the Full Day Child Care Program, and are not the primary care provider, and are not providing in-person instruction. This is licensed child care, with contracted supports to provide the service of supervised and supported distance learning for the purpose of high quality supervision with mindfulness to health and safety. All contractors onsite for 15 hours or more per week have been fingerprinted, background clearance, and have a negative TB on file pursuant to Title 22 regulations.

WVCA Cougar Club is not providing curriculum, teaching, or instruction, but is supporting children's access to their distance learning. It is the responsibility of every child's family to ensure children are meeting the WVCA Distance Learning Plan and teacher curriculum plan expectations and requirements, to submit assignments, and engage in their child's learning. Cougar Club is a supplement for adult guidance during distance learning, and not to be confused with an educational institution.

WVCA Cougar Club will abide by the WVCA K-8 Handbook Policies for consistency and clarity measures for student achievement when applicable, and when not in conflict with WVCA Cougar Club Child Care Handbook and/or Program Policies.

Enrollment: This program option is exclusively for WVCA K-8 enrolled students, and must also complete the admissions process for WVCA Cougar Club Child Care to be permitted into care to access WVCA Distance Learning materials including chrome books, curriculum packets, etc. Students are required to bring the items listed in their Supplies Needed List and distance learning materials daily/weekly. Attendance: Attendance is not mandatory, and families have the flexibility to determine their child's schedule. Access to WVCA Distance Learning can take place at home or in child care. Children can be absent from child care, but must communicate directly with WVCA for any missed or late work. Cougar Club is not responsible for work missed on days not in attendance.
