ON

WORLD DAY OF THE SICK | FEB 11

BE ATTENTIVE TO THE SICK

Let us encourage all the people, institutions, and civil society to be increasingly attentive to the sick and to those who care for them. How can we forget, all those patients who, spend their earthly life in solitude due to poor healthcare?

SUPPORT LOW INCOME FAMILIES

There is still a long way to go in ensuring that all the sick, also those living in places and situations of great poverty, marginalization, and low income families, receive the health care they need.

CARE FOR THE SICK

When individuals experience frailty and suffering in their own flesh as a result of illness, their hearts become heavy, fear spreads, uncertainties multiply, and questions about the meaning of what is happening in their lives become all the more urgent.

DATE: FEB 11, 2023
