## Company Overview

Phase Consulting Partners, LLC is a consulting, program management, and training company that focuses on workforce training, program management, project governance, and learning solution delivery. As a Minority Business and subcontractor with the federal government, Phase Consulting Partners LLC has been providing consulting, program management, and training to diverse groups in numerous subjects in the public and private sectors.

Upon receiving our tailored instruction, clients become more self reliant and increasingly more able to perform challenging tasks without micromanagement. Project managers and staff gain more ability to facilitate plans to completion on time, in budget, and within overall scope utilizing our project management portfolio platform.
