

Young Artist Space Fall 25/26 Class Schedule

We are so excited to release our Fall Schedule. You will be registering for all of your classes on the jackrabbit parent portal. We are offering several different genres, including rotating genres, to ensure your dancer is receiving the most versatile training. The classes offered to your dancer are Ballet, Tap, Jazz, Jazz funk, Hip-hop, Ballroom, Fit and flex, Contemporary, Convention readiness, Leaps and Turns, Pointe/Pointe prep, and the Choreography Program. We also offer Creative Movement classes to our tiniest dancers. At Young Artist Space we focus heavily on training our dancers technically as well as transforming their artistry. Our staff strives to create huge growth each and every year. We work as a team to provide the best training possible for your dancer.

Creative Movement- This class will require ballet and tap shoes. It is a class to start training our little dancers in a fun way, while also exploring different genres.

Convention Readiness- This is an awesome class for students who want to grow their versatility quickly. It is a fast paced class that explores new combos each and every week!

Studio Black	Studio Pink
