

For the past several months I have been thinking of the various issues going on in our world and the types of people that are in it. I was not only thinking of the everyday person but of the types of leaders on exhibit in various areas of society. One phrase from the Lord's Prayer has kept coming to my mind for the last month. **'Deliver us from evil.'** People all over the world are groaning from oppressive governments and groups.

*When the righteous thrive, the people rejoice.
When the wicked rule, the people groan. - Proverbs 29:2 NIV*

God takes notice, even as he did for the Israelites enslaved in Egypt.

'I indeed have seen the misery of my people in Egypt. I have heard them crying out because of their slave drivers, and I am concerned about their suffering. So I have come down to rescue them from the hand of the Egyptians and to bring them up out of that land into a good and spacious land - a land flowing with milk and honey. - Exodus 3:7-8 NIV

That passage gives us comfort and hope that God sees, knows and cares about situations in our lives and nations. He responds to those who cry out to him and raises up a person to be a big part of that deliverance. In Israel's case, it was Moses. His name means 'to draw out', for he was drawn out of the Nile River as a baby. Decades later, God would use Moses to draw his people out of Egypt and through the Red Sea in what is one of the great escapes in all of history. The world is now living in trying times with much corruption, tyranny and injustice. It is easy to lose heart and hope as we hear about all the negatives. However, God is still able to bring victory through these dark days. He truly is raising up brave men and women who have woken up and will not shut up for they are determined to speak up, show up and stand up for truth, justice, freedom and God's kingdom ways.

Jesus told his disciples.....**Watch and pray...** After we watch or read the news, it is good to pray about it, eg. **'Lord, deliver us from evil and thank you for raising up those who will participate in that answer just as you raised up Moses to free Israel and as you sent Jesus to free us from slavery to sin and satan.'**

We also pray that fruitless deeds of darkness will be exposed (Ephesians 5:11) and be replaced with God's righteous laws and ways.

What is the War? It is a battle for the destiny of individuals in the eternal afterlife, but also for the control of individuals, families and nations in this earthly life. Why is there so much chaos, confusion, division and enmity on display today? In this world there are the natural / physical participants, but behind them are supernatural / spiritual forces. The first battle took place in heaven. It was short lived. God won and Lucifer lost. It was a war against authority, between good and evil.

The next battle took place in a garden paradise. It was only after God created Eve to be a helpmate for Adam that Satan began his attack. It was a war against God's authority and also against leadership and marriage. God had assigned Adam the role to guide, guard and govern as

a prophet, priest and king. (roles that Jesus demonstrated perfectly, although the kingly role will reach its climax at his second coming) A prophet hears from God and shares a message to specific people. A priest speaks to God on behalf of others. A king is one meant to be a benevolent servant leader, not one who abuses or enslaves people.

In order to be a good father, a man should first learn to be a good son. (Jesus said that to have authority, we must be under authority. He was a perfect example of an obedient son who honored the Father in heaven. He said that he only did what he saw the Father doing.)

If a good father figure is missing in a family, it often will lead to children without direction, hope and morals. Much of the violence in the world today is a direct reflection of fatherless homes. The highest crime areas in our country are in black urban neighborhoods. Why is that? Lack of good father role models (this was precipitated by the misguided war on poverty programs by President LBJ, which rewarded families if a father was not present at home). This fatherless problem has now reached all races and areas and is a sign of moral decay.

Germany was called a fatherless nation after World War I. A large number of fathers died in that terrible war, which left many young people without moral guidance, discipline and hope. Soon after a strong charismatic leader arrived on the scene to give them a new vision and cause to live for. His name was Adolf Hitler.

Russia was called a fatherless nation after World War II for similar reasons. For every 1000 Russian soldiers that fought in the war, only 17 returned home, and of that number, only 3 of those 17 were not crippled, wounded or maimed. In Russia and many of its surrounding nations, alcoholism is prevalent among the men who live in despair. (I spent the summer of 1993 in Siberia, Russia and noticed that the churches I taught at were attended mostly by women and young people.)

Today, in urban neighborhoods, young men without good father figures end up joining gangs that give them a sense of importance and power.

As we have written before, Satan loves what God hates and hates what God loves. Satan has already lost to God, but he is so angry and deranged that he seeks to attack, pervert and destroy people and good things that God meant for man's provision, protection and pleasure.

God prophesied that in the last days people would be **despisers of good** - 2 Timothy 3:3. They call good evil and evil good. - Isaiah 5:20. What is perversion?

Perversion

1. The alteration of something from its original course, meaning or state to a distortion or corruption of what was first intended.
2. Sexual behavior or desire that is considered abnormal or unacceptable.

Perversion and corruption are nothing new. History is littered with sad examples of those who thought they knew better than to live by God's purposeful designs and laws of nature. Today such persons consider themselves 'enlightened, progressive and free' from the perceived limitations of God's ways. In actuality, they have regressed to the age old deceptions of the devil himself. At the day of Pentecost, Peter warned and pleaded with the gathered crowd,

'Be saved from this crooked (perverse, wicked, unjust) generation.' Acts 2:40 Amplified

(Greek word of crooked = skolios) A person with a curved/crooked spine is said to have scoliosis. Mankind suffers from spiritual scoliosis, but Jesus can straighten us up.

Below are some contrasts between **God's Kingdom of Light** and the **Kingdom of Darkness**

- Genders: Male / Female ' God created man in his image, male and female' - Gen.1:27 (Today there is a list of 72 different gender identities and some states like New York allow new babies to be listed as Male, Female or X)
- Marriage: Man and Woman - Gen. 2:24 God has defined marriage. (Today same sex unions are mistakenly called 'marriages'.)
- Parents/ Children - 2000 years ago God gave a message to the world through John the Baptist who took on the role of the prophet Elijah.

*See, I will send you the prophet Elijah before that great and dreadful day of the Lord comes. He will **turn the hearts** of the fathers to their children, and the **hearts** of the children to their fathers; or else I will come and strike the land with a **curse**.*
Malachi 4:5-6 NIV

In some education circles and other areas of society, there is a desire to cause division between children and their parents. Some leaders and politicians have proclaimed that children belong more to the state or school system than to parents. This is a common idea from Marxism and Communism. Recently the NEA (National Education Association) put forth the idea that women should not be called mothers, but 'birthing persons'.

- Children - They are innocent and precious to God. Jesus loved them and they loved him. He gave a severe warning to those who take advantage of children and lead them astray. He said it would be better if they had a millstone tied around their neck and thrown into the sea. At the time of Christ a millstone might weigh up to 3300 pounds. Jesus often used hyperbole in order to emphasize a teaching point.

Throughout history, one of Satan's prime attacks has been against children and innocence. Many schools today promote perverse drag queen reading times with children which is also endorsed by political leaders who have lost a moral compass. Abortion is advocated by those who are influenced by the kingdom of darkness. Throughout key periods in the Bible, Satan has inspired wicked leaders to seek the murder of children, usually at the time when God is going to send a deliverer eg. at the time of Moses and at the arrival of Jesus. Many of Israel's neighboring pagan societies practiced the worship of Molech, which included the sacrifice of children in the fire. Winkey Pratney wrote a book decades ago called 'Devil Take the Youngest'. He discovered that one reason those involved with the occult and dark arts offer children as blood sacrifices is to gain special spiritual powers from dark forces. It is to do something so unnatural, perverted and so much against God that it attracts the attention of demonic powers who are then pleased to inhabit those offering the sacrifices. Child abductions are prevalent around the world, not only for sex trafficking, but also sometimes for sacrifice to Satan. Several years ago Ted Gunderson, former FBI head in Los Angeles, reported on rampant Satanic ritual abuse among children across the country. He was persecuted for sharing these truths.

Abortion A woman should have the right to choose what she does with her body, but she does not have the right to take the life of another little body that is inside her. I detest Nancy Pelosi, but I do not have a right to end her life because I do not want her around, she is one of the most devious and wicked House Speakers of Congress to ever take that position. An innocent unborn baby deserves much better than Nancy, who thinks little ones should be aborted even up to birth. God hates hands that shed **innocent blood** - *Proverbs 6:17*

Population God gave mankind this instruction at the beginning of creation.

‘Be fruitful and multiply, **fill the earth** and subdue it,’ - Gen. 1:28

The elitists who want to play God tell us that the earth must be de-populated by 90% in order to save the planet (it will get rid of ‘useless eaters’ and make it easier for them to rule over the rest of mankind.) They want to re-wild the earth and crowd mankind into urban centers. Recently the WEF (World Economic Forum) announced their intention that private car ownership be greatly reduced in order to save the planet. Their agenda 2030 clearly states: ‘You will own nothing and be happy’. The climate cultists have been wrong for decades about their climate predictions.

The man who started the weather channel rejects their extremism and has even shown how they manipulate the weather stations around the world in order to prove global warming. Thousands of scientists reject the so called climate crisis which is based on faulty computer models. The co-founder of Green Peace resigned from it once the Marxists took over to use it as a political weapon. Good climate info can be seen at: **heartland.org**

Last year we wrote an article that discussed Romans chapter 1 and how those who reject God ‘suppress the truth’. Totalitarian groups and governments are tyrants who only allow their opinions to be presented and accepted. To quote Jack Nicolson from one of his movies: ‘You can’t handle the truth!’

The western nations have done a pretty good job of improving air and water quality and producing clean energy while high polluters like China get a pass. God has the final word on the climate and how it all comes to an end. He is the one who will bring the real climate change to earth, not man.

As long as the earth endures, seedtime and harvest, cold and heat, summer and winter, day and night, will never cease. - Genesis 8:22

But the day of the Lord will come like a thief. The heavens will disappear with a roar; the elements will be destroyed by fire, and the earth and everything in it will be burned up. - 1 Peter 3:10

.....we are looking forward to a new heaven and a new earth, the home of righteousness. - 1 Peter 3:13b

Then I saw a new heaven and a new earth, for the first heaven and the first earth had passed away. - Revelation 21:1

The Sin Parade Over 15 years ago I wrote articles to newspapers in NY and Florida that they included in letters to the editor. Both were entitled: The Sin Parade. I noticed this expression from the prophet Isaiah (3:9 NIV)...*they parade their sin like Sodom.* The Bible reveals the various sins of Sodom such as being 'arrogant, overfed, unconcerned about the poor and needy and practicing detestable things' - Ezekiel 16:49-50. Those detestable things are mentioned in Leviticus 18:22, Jude 7 and Genesis 19:4-5. It refers to sodomy, perversion and homosexuality. This was the prime reason that God destroyed Sodom and Gomorrah with fire - Genesis 19:24. Nearly 20 years ago, an acquaintance of mine let me hold a small ball shaped object that came from that place. It smelled like sulphur (which the Bible refers to as fire and brimstone).

During the month of June, Pride Month was celebrated around the world with parades which honored the LGBTQ community. Perversion was on public display. In essence it was a sin parade, much like what took place many years ago in Sodom. God cares about all types of persons involved with many types of sins, but He does not approve of any type of sin, especially if it corrupts the morals of innocent children. He does not like it either that they pervert his original sign of the rainbow and made it their symbol. Christians should not participate or approve of sin parades, drag queen reading hours or promotion of transgender identities among young people. Perverted persons have been given over to reprobate minds. Romans 1:18-32. (the monkey pox virus has been mostly among homosexual men who have received the due penalty for their sin - Romans 1:27.) God is not to blame, for they have simply violated the laws of nature established by God for our protection.

**Free Speech, private property, protective borders, laws and weapons,
free enterprise and equal justice for all**

God believes in all of these, but the global elitists and Marxists do not. Most of the global leaders are in favor of a global government (many were discipled to be globalists over the past decades by Klaus Schwab, the leader of the World Economic Forum, who was influenced by Henry Kissinger). God rejects centralized power in the hands of a few. He scattered such people at the Tower of Babel in order break up their evil plans - Genesis 11:1-9. History is filled with leaders in all areas of society who misused their position, power and influence to benefit themselves. The lust for power comes from its originator....Satan himself. How many persons have succumbed to such temptation in order to obtain riches and power? How can politicians enter the government positions with modest financial assets and then acquire massive millions of dollars while in office?

Satan offered Jesus the '**kingdoms of this world**' if only he would worship him. - Matthew 4:8. Jesus resisted that temptation. The sinister roots of Marxism have been perverting our society for nearly 100 years. (If you go to **Rumble.com** you will find many videos that You Tube censors. Here are a couple of them to start with.

Curtis Bowers has 2 films: **Agenda: Grinding America Down**
Agenda 2: Masters of Deceit

My goal in life is to dethrone God and destroy capitalism - Karl Marx

Those who reject God, often seek to play god over others. The name of their game is **control!** Henry Kissinger was a front man for globalist David Rockefeller who saw Red China as a model society. Excessive printing of fiat money by the global banksters, has led to extreme inflation. Our clueless government leaders and bureaucrats do not even understand the true cause of inflation but blame it on many other factors. Simply defined, **inflation is too much money chasing too few goods.** In the past years our government created over several trillion more dollars to be doled out. The financial decline of the USA began in the early 1900's with the creation of the Federal Reserve and the Income tax. G. Edward Griffin gives the fascinating history of its origin that was secretly conceived on Jekyl Island off the coast of Georgia by seven bankers and business tycoons from New York City. At that time they owned 25% of the whole world's wealth! **The Creature From Jekyl Island** is Griffin's book on the subject. Most of us will find it more convenient to simply go to **You Tube** and watch his excellent lecture on the subject. I first learned about the Insiders or the Money Trust in the mid 1970's from the book called, *None Dare Call it Conspiracy* by Gary Allen. I believe the Federal Reserve System is the greatest financial scam in all of history. Former Congressman Ron Paul courageously sounded the alarm about the Fed for decades, but he was ignored. As more money is printed, the dollar becomes worth less and less. It has lost 96% of its value since 1910. The private cartel established by the elite banksters gets to profit off money created out of nothing and the politicians get to spend more money through the hidden tax of inflation. Since the 1600's, kings discovered that if they raised the people's taxes much *beyond 40%, the people would revolt, so they designed a central banking system to create more fiat currency for their lavish spending.*

Centralization of credit in the hands of the state, by means of a national bank with state capital and an exclusive monopoly. - Karl Marx
5th Plank of the Communists Manifesto

Lenin would later say that the establishment of a central bank was 90% turning a country communist.

You Tube: The Creature From Jekyl Island - G. Edward Griffin He explains the origin of the Federal Reserve System and why they carefully crafted its name through those three words in order to disguise its true nature and purpose.

There is now a planned global attack on energy and food. The following quote from the 1970's seems relevant.

If you control the food, you control a nation.
If you control the energy, you control a region.
If you control the money, you control the world.
- Henry Kissinger

Over the past months there has been a rash of fires at food processing plants. Bill Gates, Jeff Bezos and China are buying up large tracts of farmland in our country. There is also a push to get rid of meat eating and Bill Gates wants to produce synthetic beef! (such godless twits think they are smarter than God) God warns about those who forbid to eat meat. -1 Timothy 4:2. In Holland, the Dutch farmers have taken to the streets en masse with tractors to protest the government plan to take their lands and crack down on excessive nitrogen pollution. Canadian farmers in the west have been told they cannot sell their products to individuals. Populists in

many European cities have taken protests to the streets, however, the corrupt media does not report on such items and other patriot activities. Biden has taken our country from energy independence to grovelling for oil from tyrannical regimes which produce it in much less clean way than us. He has also sent 6 million barrels of oil to Red China (now known as the CCP, the Chinese Communist Party). Biden takes his orders from the WEF (World Economic Forum) and those such as Obama that believe in a global world order which will supercede nation states. Biden even stole his campaign slogan from them, **'Build Back Better.'** To accomplish that, the WEF plan is to destroy the middle class and the private ownership of property and resources. The open borders policy has rewarded the drug cartels and flooded our country with deadly fentanyl, which is now the leading cause of death for 18-45 year olds. God has established individual nation states with boundaries - Acts 17:26. Borders and boundaries provide security and protection for its citizens. Heaven has walls and gates. God does not let everybody into His Holy city, but only those who are willing to submit to his kingship. The Vatican has walls and so do government capitals etc. George Soros and the Open Border Society promote open borders for the USA and other western nations. One reason is to create chaos and also to implement the Cloward - Piven strategy taught at Columbia University to students like Obama. The idea is to overwhelm the social and financial systems with so much debt and discord (thru lack of assimilation by immigrants and welfare spending for them). Cunning politicians also see them as a vote for their own party.

One of Satan's names is Abaddon, which means destroyer. Those under the influence of the devil take on that nature. They do not bring life but death and destruction. Satan comes to steal, kill and destroy - John 10:10. Satan is also the 'father of lies and the accuser'. Our world is filled with so much slander, false accusations and frivolous law suits. Tyrannical leaders do not care for people, but only abuse them or use them for their own selfish interests. They want power and will seek it no matter what the cost. They live by the Marxist axiom, **'The End Justifies the Means.'**

Types of Leaders on Display Today (in government, education, medicine, religion etc.)

Clueless These are leaders who just follow the consensus of the crowd and the accepted narratives promulgated by so called experts. They do not take time to investigate all the various facts and options.

Compromised These persons may know the truth, but they have been compromised due to their lack of ethics. Many are led by money or the lust for power. Others are threatened or blackmailed. Jesus lived a perfect and pure life, free from the influence and power of the devil over him. Just before Jesus was crucified as the spotless lamb of God, he made this profound declaration to his disciples regarding Satan, the prince of darkness.

I will no longer talk much with you, for the ruler of this world is coming and he has nothing in me. - John 14:30 NKJV

Cunning / Corrupt Conspirators They plot and conspire to deceive and take advantage of others for their own benefit. Recently I noticed the relevance of Psalm 64. It speaks of the secret plots or conspiracies of the wicked (v. 2). They lay secret snares and shrewd schemes (v.4-6). However, God will shoot them with his arrows (v.7)

Cultic / Tyrannical This has been on full display through those who suppress the truth and unjustly persecute, sue and even prosecute those they disagree with.

Most of our universities have been indoctrination centers for leftism for decades. Much of our media has been infected with this influence. The ruling party in America has taken vengeance on their political opponents. Scores of innocent people have been in jail for the last 1 1/2 years for simply being at the Capitol building. Dr. Simone Gold (one of the Frontline doctors who exposed the Covid fraud) is in jail for 60 days. She was welcomed into the building by capital police and did nothing wrong. Scores of 'political prisoners' wait in jail in worse conditions than Gitmo without due process for the last 1 1/2 year. Several government institutions now resemble tyranny of Nazi Germany and the old Communist regime of the Soviet Union.

Just after the Jan. 6 event in 2021, I surmised it was a setup to thwart any questioning or examination of possible voter fraud in Nov. 2020 and to stifle any future populist protests. Immediately the Democrats and the leftist media wrongly described it as an insurrection. There was not a plan to overthrow the election but simply take time to examine the validity of the votes in the key battleground states. One of the rights of U.S. citizens is to address grievances. Sadly, a horse race is deemed more important than a Presidential race. A year ago the winner of the Kentucky Derby horse race had his medal taken away when it was later discovered that the winning horse had a forbidden substance in its system. If someone has cheated in a horse race or a bicycle race (eg. Lance Armstrong), they are disqualified and lose the race. However, in the corruption of politics, it is not that way. Anyone who has watched the film 2000 Mules, knows that there was a whole lot of cheating going on. A minimum of 400,000 votes were illegally placed in voter boxes. Most of the media forbade even the mention of the film (even Fox News). What were they afraid of? The truth.

I have heard accounts from three different persons, that busloads of clearly anti-Trump people were dropped off at the Capitol to stir up and incite violence. Last week I was walking with a friend in our small village here in NY state last week and he told me that his friend Rocky was at the Capitol event on 1/06/21 and phoned him that day to say to him: **'There's a scam going on right now'**. He saw Antifa like persons getting off a bus. Trump had authorized the National Guard to be there in force that day, but Nancy Pelosi and the D.C. mayor declined. Another clear sign of a coverup, is that Pelosi refused to release the full video footage from that day. They also edited Trump's words from that day to make it sound like he incited the crowd. Not so. He told them to be peaceful.

Over a year ago I wrote about how you can tell there is likely a conspiracy going on:

- 1) An instant conclusion is reached without a thorough examination of all facts and factors
- 2) The main media promotes the accepted narrative almost immediately
- 3) Dissenting voices are accused of being conspiracy theorists (a term the CIA coined in the 1960's in order to deflect attention away from their suspected involvement with the JFK assassination in 1963)
- 4) Security camera evidence is either destroyed or at least restricted

Cowardly Leaders This type of leader is quite despicable and pathetic. They may know the truth, but are too swayed by the crowd. Pontius Pilate lives in infamy

for cowering to the mob during the trial process of Jesus Christ. Many politicians and ministers are afraid to address issues for fear of losing their popularity or position.

Courageous The world is looking for bold, courageous and upright leaders who are seeking the best for those under their influence. God has raised up persons today who are not afraid to proclaim the truth, even if it is unpleasant.

Here is an example of one, Jonathan Khan. He has many best selling books such as *The Harbinger* and just yesterday I heard his first public description of his new book: **The Return of the gods**, which reveals the spiritual roots of what is going on in the world today. I was amazed that some of what I had already written here was in line with what he said.

In this message, I have covered several topics, but in our next one, we will explore more of the spiritual roots. A couple of years ago, I decided to find out the exact wording of the prayer that set in motion the removal of prayer from our public schools. Find out in our next message.
