How “Name Your Dance” cards work...

“Name Your Dance” cards are a way to get in a dance request for a dance that you just learned, haven't done in awhile, or just have to dance.

If you have a “Name Your Dance” card, you fill it out with the dance you'd like the DJ to play and then hand it to the DJ at the beginning of the dance. The DJ will then play your dance when appropriate.

If you collect five “Name Your Dance” cards, you may trade them in for a free admission to one of our regularly scheduled dances.

You will receive a “Name Your Dance” card one when you turn in your Free Admission Birthday card (Make sure you remind the door person!), it may be handed out by the Board of Directors, and/or you may win one in the 50/50 raffle (see How 50/50 works).

Thank you for supporting
