## Newsletter for Boots "N" Buckles

### Membership News

Boots 'N Buckles has had an excellent response to the membership drive. We have 250 members for 1989-90.

Plan to **bring** your membership card to Friday dances so you can show it when you enter the door at Swiss Park.

People who wish to renew or become first time members may join at any time. Membership applications will be available at the door every Friday night. Any board member will be happy to assist you.

### Election Time

Come In From the Fringe

The Club calendar shows an election scheduled for June 23. I would like for each of you to consider supporting Boots 'N Buckles through active participation on our Board of Directors.

I am now in the middle of my (first) one year term. I chose to run for several reasons. One was a sense of responsibility to the Club. The second? I wanted to better understand how the Club was managed. The third (and best) reason was strictly for personal gain - the pleasures of working with good people, doing meaningful work, accomplishment and fun.

There are four retirees this term: Lynn Doyle, Mary Hendrix, Bill Jackson and Robert McLeod. Elections are held every six months to complete a ten member Board. These ten Directors, each serving one year, elect officers from among themselves for a six month term.

Officers include a **President** who oversees the smooth operation of Board meetings, Club committees and public relations; the **Vice President**, a Club administrator who develops agenda for meetings and is next in line to the Presidency; the **Vice President, Membership**, who builds, maintains and distributes lists, cards and name tags; a **Secretary**, who records proceedings of Club meetings and maintains a policy manual; a **Treasurer**, who manages the Clubs' account and registers a monthly report of income and expenses. All Board members help when and where they can in making the Friday dances run smoothly.

If you are a member in good standing, you may run for a position on the Board by submitting your name, in writing, to any club Director. Remember - it is possible to have an active, supportive role in B 'N B without overextending your personal resources. Come in from the fringe and participate ... strictly for personal gain.

### Swiss Park Dance Lessons

Swiss Park Dance Classes prepare for a "HOT" Summer

With an especially "hot" lineup of guest instructors and some of the latest and most innovative new dances, Swiss Park Dance Classes promises an especially "hot" summer.

We are continuing our format of having a special guest instructor join us at least once a month on Monday evenings. In March we had Dave Getty with some very imaginative Schottische moves. In April we had Dave West who showed us some of his award winning Waltz moves.

On Monday, May 8, Gloria Casey and Jim Carlyle will instruct a one hour workshop on the Swing. These are two of the most successful dancers in the West and we feel honored to have them with us for this evening. Under most circumstances, one would have to travel to, at least, the Sacramento area to take their workshops, so you may want to take advantage of this opportunity at Swiss Park. They will be teaching you many of the moves that have put them in the winners's circle in competitions throughout the country.

On Monday, June 12, guest instructor Dave Coffman will be at Swiss Park for a special class on Leading and Following Techniques. If any one areas of dancing stands out as being the most mystifying to most dancers, this would have to be it. Dave brings with him many years of experience and the results of some recent research on this topic that will enable him to unravel some of the mystery. This is guaranteed to be an enlightening and rewarding evening. Because of the relevance of this topic, this class is highly recommended for all dancers, beginning through advanced.
