FREQUENTLY ASKED QUESTIONS

What am I responsible for providing as the bar owner?

All you need to provide is an outlet and about 3 square feet of wall or floor space.

Does it have to be wall mounted?

No, we can put it on a pedestal that is roughly the same size, just a few inches bigger on the floor.

Do you only sell vapes?

No, depending on the demographic of the location, we sell nicotine pouches and legal weed products as well. We can have a conversation if you think those products would be good for your bar.

How do I get my share of the profit?

Whatever payment method works best for you! We pay out on the first of every month. Most of our locations take payment via Venmo, but we are flexible with payment method.
