Integrated Security & Network Infrastructure
Solutions

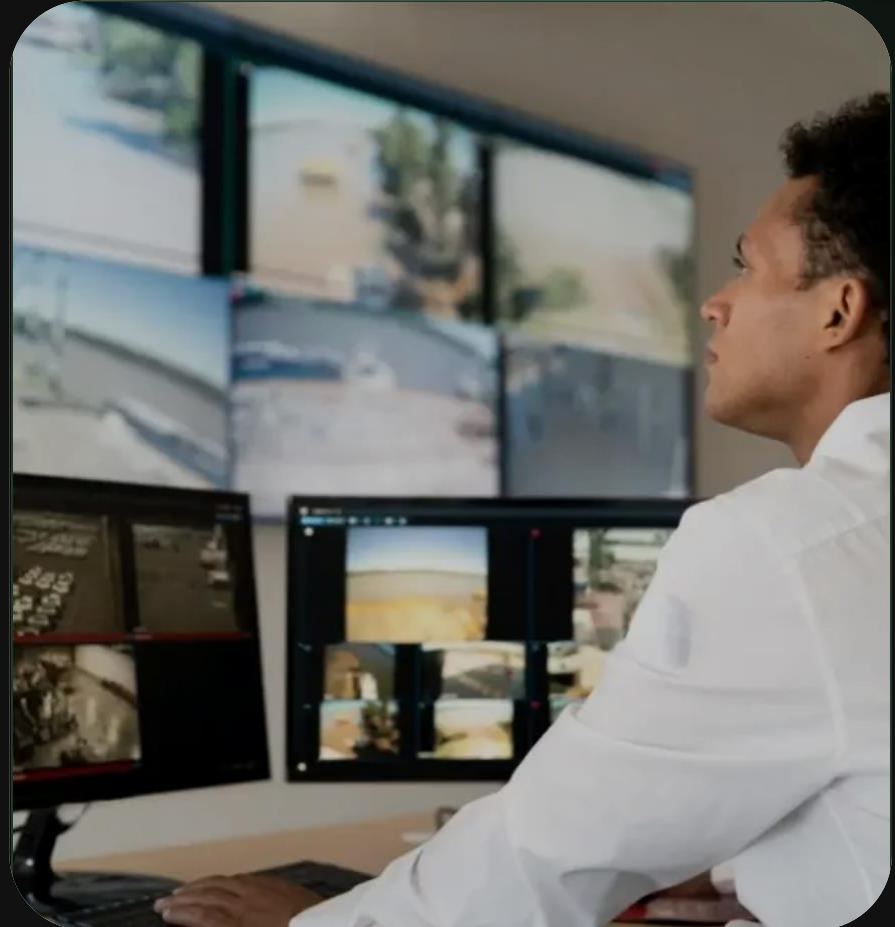

ABOUT TECHNET

About Us

Technet Solutions is a leading provider of security, communication, and networking solutions for residential, commercial, industrial, and institutional clients.

- CCTV Surveillance Systems
- Fire Alarm Systems
- Intrusion Alarm Systems
- EPABX & IP Telephony
- LAN & Structured Cabling
- Optical Fibre Networking
- Access Control Systems
- Firewall & Network Security

CCTV Systems

End-to-end CCTV solutions with remote monitoring and AI-ready surveillance.

Solutions

- HD & IP Cameras
- Dome, Bullet & PTZ Cameras
- DVR & NVR Solutions
- Remote Mobile Monitoring
- Video Analytics & AI Surveillance

Applications

- Homes
- Offices
- Shops & Retail
- Warehouses
- Factories

Fire Detection & Protection

Reliable fire detection systems for early warning, compliance, and asset protection.

Components

- Smoke Detectors
- Heat Detectors
- Manual Call Points
- Hooters & Sounders
- Fire Alarm Control Panels

Benefits

- Early Fire Detection
- Safety Compliance
- Asset Protection
- Emergency Response

Security Against Unauthorized Access

Intrusion alarm systems provide instant alerts and round-the-clock protection.

Devices

- PIR Motion Sensors
- Magnetic Door Contacts
- Glass Break Sensors
- Panic Switches
- GSM Alert Systems

Features

- Instant Alerts
- Mobile Notifications
- 24/7 Monitoring

EPABX Solutions

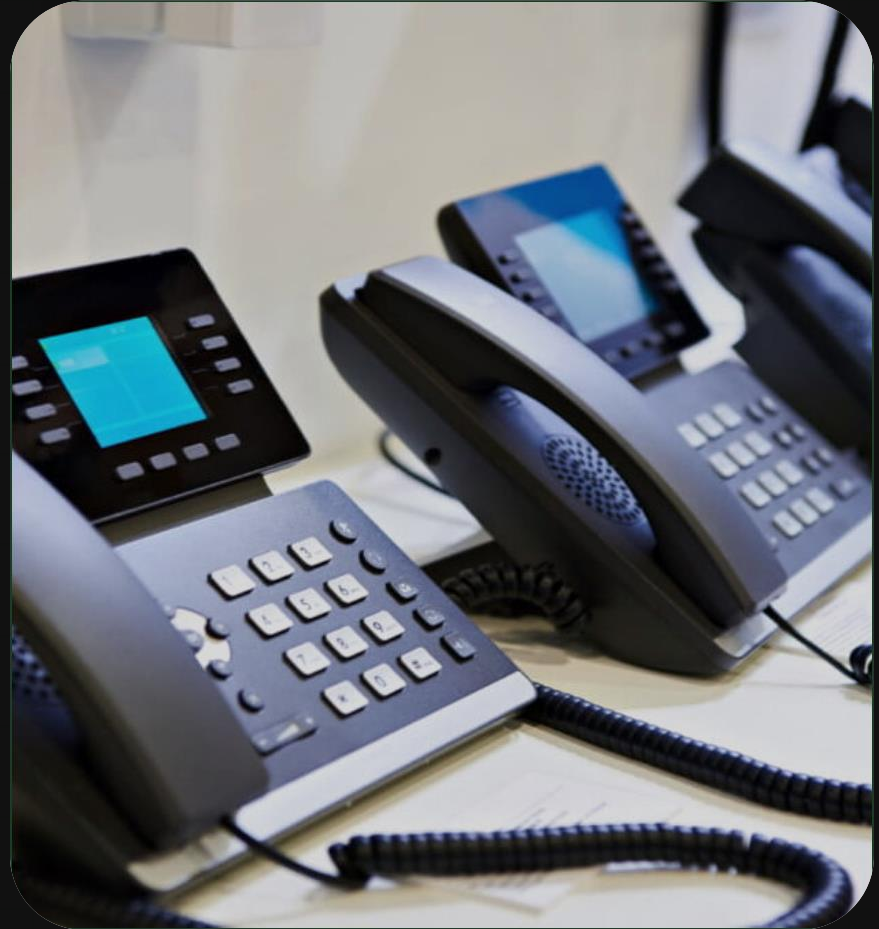

Communication systems that improve call handling, routing, and cost efficiency.

Solutions

- Analog & Digital EPABX
- IP PBX Systems
- Intercom Solutions
- Call Routing
- Voice Mail Integration

Benefits

- Improved Communication
- Reduced Calling Costs
- Professional Call Handling

Structured Cabling Solutions

Robust LAN infrastructure designed, installed, and certified for reliable connectivity.

Infrastructure

- CAT6 / CAT6A Cabling
- Network Racks
- Patch Panels
- Switch Installation
- Wi-Fi Deployment

Services

- Network Design
- Installation
- Testing & Certification

High-Speed Fibre Connectivity

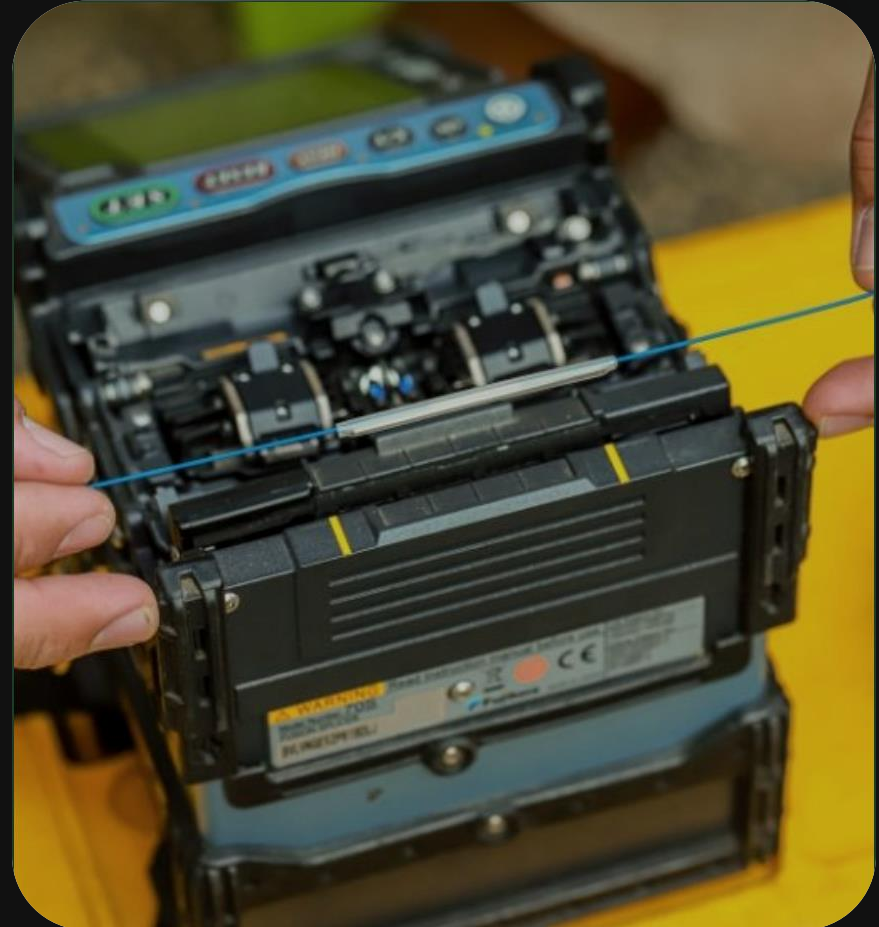

Optical fibre solutions support backbone connectivity, expansion, and long-distance performance.

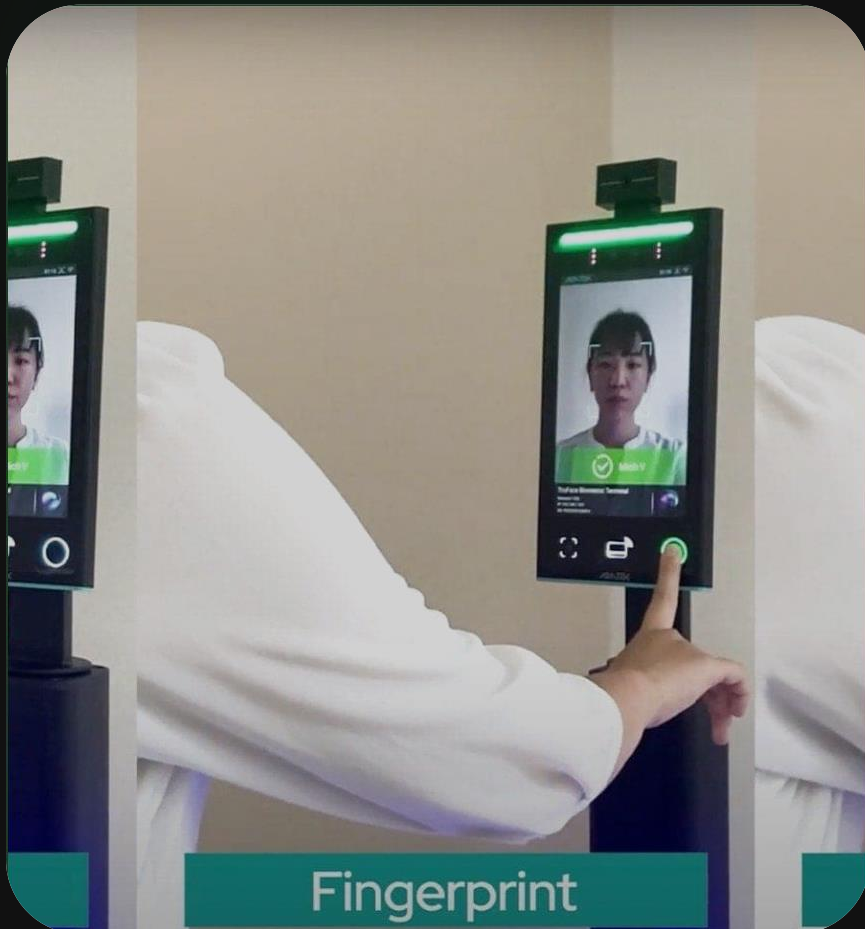

Solutions

- OFC Backbone Installation
- Fibre Splicing
- ODF Installation
- Network Expansion
- Long Distance Connectivity

Advantages

- High Bandwidth
- Low Signal Loss
- Reliable Connectivity

Smart Access Management

Access control solutions combine biometric, card, and video entry technologies.

Solutions

- Biometric Attendance
- Fingerprint Readers
- Face Recognition Systems
- RFID Card Access
- Video Door Phones

Applications

- Offices
- Apartments
- Factories
- Schools

Network Protection Solutions

Firewall and network security services protect connectivity, data, and compliance posture.

Solutions

- Next Generation Firewalls
- VPN Solutions
- Threat Prevention
- Content Filtering
- Network Monitoring

Benefits

- Secure Internet Access
- Data Protection
- Cybersecurity Compliance

Why Choose Technet Solutions?

Technet Solutions combines expertise, support, and end-to-end execution.

01

**Experienced
Professionals**

02

Quality Products

03

**Customized
Solutions**

04

**Prompt Support
Services**

05

Competitive Pricing

06

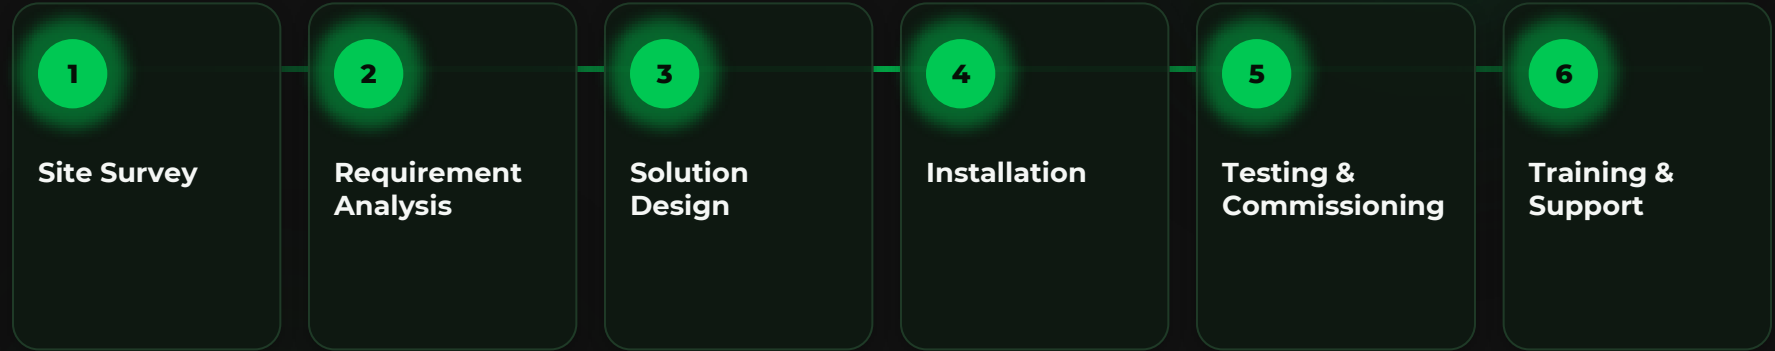

**Annual Maintenance
Contracts (AMC)**

07

End-to-End Project Execution

Our Approach

A structured delivery process ensures the right solution and dependable execution.
