

# FIRE/PUBLIC SAFETY

*Apparatus Bays*

*Shower/Locker Rooms*

Whether it's the apparatus bays, dispatch, lounges, bathrooms, kitchens, cafeterias, prisoner cells, shower/locker rooms, maintenance/repair or mechanical areas, ProREZ can design and specify the right seamless floor coating solution for the space.

*The ProREZ™ Advantage... Innovation beneath your feet.*

*Fire and public safety staff members are more than just public servants, they are defenders, protectors, and rescuers in our communities who deserve the best, right down to the facility floors they routinely depend on. Flooring in these facilities are subjected to very demanding environments that operate 24/7. They must be dependable, tough, resilient, safe, hygienic, and easily maintained. Whether it's apparatus bay floors in fire, ambulance/EMS and police stations, or correctional, administration, common and public use areas, ProREZ offers a solid line of budget-friendly, durable, and long-lasting floor coating solutions that can update the facility's appearance, cleanliness and overall safety.*

## **DIVERSE & DEPENDABLE SPACES**

In order to make fire and public safety areas more appealing to its staff, occupants, and visitors, it is important that the seamless floor coating is highly durable, provides a reliably safe surface, and is aesthetically pleasing and complementary to the overall design, décor, and atmosphere of the diverse spaces found in these multi-purpose settings. No one system does it all. ProREZ engineers, customizes, and specifies seamless floor coating, resurfacing, and integral cove base systems for a wide array of fire and public safety spaces that are long-lasting and simple to maintain — reducing maintenance, repairs, and overall life-cycle costs.

## **RECOMMENDED FLOORING SOLUTIONS**

### **COMMON ROOM AREAS, BATHROOMS**

Medium Duty Solid Color Systems (1/16"-1/8"): [ProShield SF-100B/200B](#) | [ProCryl SF](#)

Medium Duty Decorative Quartz Systems (1/16"-1/8"): [ProQuartz](#) | [ProCryl CQ](#)

Medium Duty Decorative Flake Systems (1/16"-1/8"): [ProFlake](#) | [ProCryl CF](#)

### **Hygienic and Safe**

Fire and safety facilities — where dirt and bacteria can accumulate — need to be hygienic, microbe-free environments. ProREZ seamless, non-porous, waterproof, protective flooring finishes balance slip-resistance with ease-of-cleaning and sanitization, ensuring safety under foot for all those working, occupying, and visiting these multi-purpose facilities, while meeting or exceeding local, state, and federal requirements.

### **Low Odor, Fast Setting Materials**

Busy public service facilities cannot afford expensive downtime or hazardous odors. Maintaining indoor air quality with low-odor materials, and offering quicker installations and turn-around times for repairs, refurbishments, or new installations without extended disruptions to operation schedules are real ProREZ benefits.

### **Long-Term Value in Protection and Performance**

The value of the floor coating is ultimately derived from the relationship of its overall cost and maintenance to its long-term performance and durability. ProREZ engineers carefully assess each space considering its unique environmental, functional, aesthetic, and budgetary requirements.

### **Customizable Finishes**

ProREZ designs and specifies aesthetically pleasing, industrial strength flooring systems that are available in a wide selection of standard and custom colors, blends, patterns, and textures. Custom design accents including special borders, insignias and other useful floor markings can be integrated to enhance overall image, safety, and productivity.
