

CAPABILITY STATEMENT

Wolf Welding and Millwright is a small company based out of Connersville, IN. We specialize in the installation, maintenance, and demolition of conveyors, paintbooths, furnaces, grain elevators and more. American Welding Society Certified mobile welders and fabricators. We proudly provide services to all 50 states.

CORE COMPETENCIES

- › Installation, maintenance, and demolition of many types of conveyor systems
- › Installation, maintenance, and demolition of paintbooths, grain elevators, furnaces and more
- › Pipefitters experienced with fluid/gas lines specializing in high pressure steam systems
- › Structural Steel Erection and Rigging

DIFFERENTIATORS

- › Our Foremen and Technicians are highly skilled, hungry for work and loaded with good attitudes. The kind that work doubles for fun.
- › We work closely with our clients throughout the whole process and the owner will go on site to strike an arc to make sure the job stays on track.
- › The most impressive results come from those who take pride in their work and we never disappoint.

PAST PERFORMANCE

- › STI Conveyor Systems Barrie, ON Canada
- › Cabela's Noblesville, IN
- › Crew Car Wash Indianapolis, IN
