This Puppy Is Warranted For 1 Year Against Fatal And Life Altering Congenital Diseases: Includes severe hip dyspepsia, kidney, heart, pancreas, spine and liver problems. Conditions must be of a severe life threatening nature. Puppy must show defect within one year of age. Seller must be notified of problem within two days of diagnosis. Buyer must have reports from two licensed veterinarians from two unassociated veterinarian clinics, these reports must reach diagnosis and conclusion. Buyer must obtain all vet records and get them to seller within five days of first diagnosis. Buyers must return puppy to seller within ten days of report of first diagnosis. Seller will replace affected puppy of equal value within one year of the affected puppy's return. Affected puppy must be in good condition other than the specified problem. Buyer is responsible for ALL shipping cost, includes shipping affected puppy to seller as well as shipping replacement puppy back to buyer. No replacement will be given to buyer if affected puppy is euthanize without seller's permission. If puppy should die within the one year warranty, buyer is required to have an autopsy performed to determine cause of death. No replacement will be given if affected puppy dies and buyer does not perform an autopsy or autopsy does not show any congenital defect cause by genetics. If the report confirms it is congenitally genetic seller will replace the puppy within one year of the veterinary report. NO full or partial refunds will be given to buyer for affected puppy. Affected puppy is by **REPLACEMENT ONLY**, will be chosen by seller and may NOT be from the same parents as the original puppy.

This contract does NOT cover normal conditions of the breed such as: cherry eye, entropion or ectropion, loose hips or knees, allergies, soft palate issues, trachea issues, stenotic nares, inverted tails, skin allergies, fertility issues, parasitic, fungal or bacterial infection, respiratory infection, undescended testicles, uneven bites, localized demodex, etc. Coccidiosis or kennel cough is also not covered in this contract, both of which can be common in puppies. Coccidiosis is a parasite that is commonly found in puppies, kennel cough is self-limiting (like the common cold), full recovery is expected with medication or on it's own and is not life threatening. A puppy that has died from anesthesia as a result of being put under for surgery etc. is not covered in this contract. putting a bulldog under requires a skilled and knowledgeable vet and all necessary precautions to be in place. Any physical problem which is or could be cause by accident, injury, neglect or poor diet is also not covered in this contract.

Puppy is warranted against parvovirus and distemper for 48 hours upon receiving puppy. Your puppy will have received two vaccinations prior to leaving the kennel and records will be handed to buyer. Parvovirus is not covered in this health guarantee. Seller HIGHLY recommends you (the Buyer) do not place your puppy on the ground in public places until their immune system is better developed after 18 weeks of age. We also HIGHLY recommend you do NOT visit dog parks/doggie day cares. These places are breeding grounds for disease and illness even for vaccinated adult dogs!

Prior to leaving puppy will have been vet checked, current on vaccines, de-wormed and micro-chipped (if buyer wishes). Puppy will come with vet records and puppy care package. The Seller will be available to answer any questions and give advice about the puppy's diet or well being. We want the best for our dogs and new owners. We will do our best to give helpful, timely advice. However, your Veterinary Office should always be your first contact in any circumstance involving the health and well being of your dog.

Please be advised that until your puppy has had its full set of vaccinations, it is susceptible to certain illnesses, and therefore should be kept out of areas where other dogs (and other animals) have been. This would include parks, pet stores, and even neighbors' yards. While at the vet, keep your puppy on your lap or in a kennel, away from other animals. When your veterinarian tells you the shots are complete and your puppy is immune, you can then begin to "show off" your new family member.

This puppy/dog should primarily be an indoor pet. French bulldogs can quickly succumb to cold or heat. Under no circumstances will this puppy be sold, leased, or given to any pet shop, animal shelter, research laboratory, fight group, or similar facility. If the Purchaser is unable to continue to care for this puppy/dog they will contact the Seller before taking any other action.

No puppy leaves my house any younger than 8 weeks some 10 weeks old. I know you are anxious but the only concern I have is the health of the puppy. I will not bend this rule, sorry!
It is understood that seller assume no responsibility after puppy leaves the premises for any change of mind on buyers part such as; landlord's disapproval, allergies, disagreement of family, trouble with housebreaking, etc.

It is understood should buyer choose to pursue a disputed situation in a court of law buyer understand that place of venue and jurisdiction is to be in Riverside County, California, It is further understood buyer will be responsible for all seller's attorney fees.

It is understood seller is NOT responsible for ANY veterinarian medical expenses.
It is understood this contract ONLY applies to original buyer and is NOT transferable.

It is further understood there are **NO other warranties** either expressed or implied to said puppy except as set forth in this agreement. By signing this health contract buyer agrees and accepts all terms and conditions implemented in this contract.
