When shipping your rifles for repairs

NOTES:

1. Send only the barrel/trigger group & **do not** ship with the sights attached.
2. You can screw the stock screw onto the barrel/trigger group or store it in a safe place.
3. It is highly recommended that you wrap the rifle(s) in packing paper prior to placing in a cardboard box to ship. If Styrofoam protection is available, please use to protect the barrel/trigger group. Make sure that both ends of the box are well taped, as well as the center of the box.
4. The shipping cost to send to/from for repair can be included in the overall cost of repair. I use FedEx, UPS and USPS. USPS is often cheaper, but takes longer on both ends. A tracking number will be provided both ways.
5. If paying by check or money order make it out to USFT, LLC. Please call or email me first for total costs.
6. If paying by debit/credit card you can use: [PayPal.Me/azusftorg](https://www.paypal.com/azusftorg). Please call or email me first for total costs.
7. If you have any question or concerns, please call or email me.
