Exceptional Care. *For Life.*

Emergency Services Policy

Effective March 1, 2022

In order to meet our mission of providing exceptional care, Whiskey River will only provide 24-hour emergency services 7 days a week to established* and committed clients ... if you are committed to us, we are committed to you (even in an emergency).

An established relationship means we have seen your herd or animal(s) at least once, for a well or routine visit, in the last 12 months.
