# TELA Continuing Professional Development

TELA have delivered 23 primary & secondary continuing professional development networks during this Autumn term, including the **new History, English and MFL networks**, which all have been well attended by subject lead teachers within TELA's alliance of schools and externally.

TELA's focus this term -

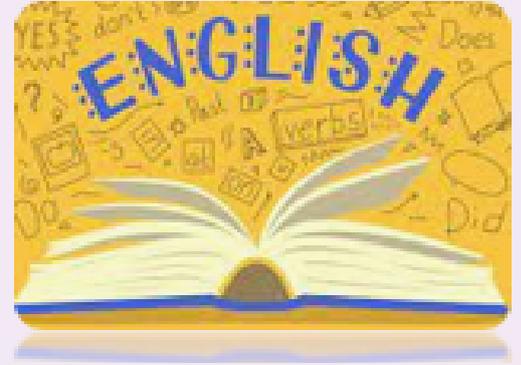

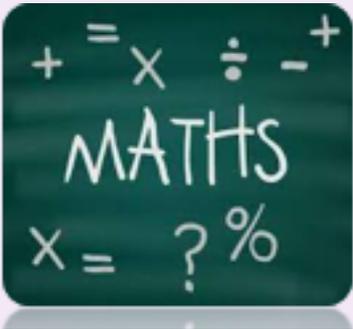

## **National subject updates and Ofsted subject reports**

Our network leads provide these to create an opportunity to share best practice and discuss ideas for each other's classrooms, their pupils and students.

**!! New to our Spring and Summer CPD offer -  
Performing Arts, Health & Social Care and Careers !!**

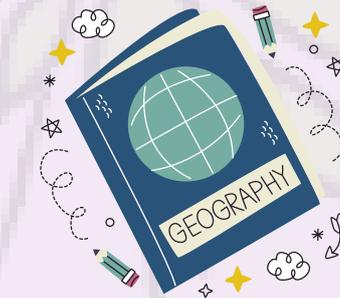

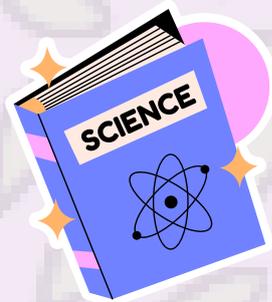

# TELA Primary & Secondary Continuing Professional Development

This was far the best session I have been too. It had a direction and a vision and I felt energised and enthusiastic again.

Exciting new external inputs to help improve provision

THANK YOU

A huge thank you to our network leads!

We'd like to express our heartfelt gratitude to our amazing leads who plan and deliver.

The meeting created a productive and collaborative atmosphere.

##### The new School Inspection Toolkit - through the SEND lens

This one day course will enable SENCOs to have a working understanding of the new School Inspection Toolkit in relation to SEND within the area of inclusion and across the Toolkit's wider evaluation areas.

We will also look into how to use the focus areas of the Inspection Toolkit to support and strengthen whole school self-evaluation of SEND in order to identify strengths and areas for development to achieve even better outcomes for pupils with SEND.

## Continuing Professional Development

We are excited to share our new relationship with the Futures Education Institute, including the opportunity to deliver national SSAT leadership courses with them as partners.

From September we began delivering a range of SSAT leadership programmes from TELA as well as featuring in the SSAT Transforming Futures programme. A great opportunity to work with like minded school and system leaders to promote leadership and learning together.

# Teacher Training - Achieve with TELA update...

Since 2013, many of you have supported our Achieve with TELA secondary and primary ITT programme, helping us recruit and develop high-quality teachers for TELA and our wider learning community.

Your partnership has been central to this success.

In light of changes to our current SCITT partner's requirements, we are no longer able to deliver the personalised TELA experience that has been fundamental to our programme. To protect this distinctive ethos, we have chosen to work with an alternative ITT partner from the 2025–26 recruitment cycle (2026–27 training).

We are pleased to announce that **Achieve with TELA** will become a satellite hub of the **Futures Teaching SCITT**, enabling us to maintain our strong family ethos while continuing to provide exceptional teacher training.

We look forward to ongoing collaboration with our valued placement schools and coordinators, and we are confident that this new partnership will ensure high-quality training, seamless transition, and excellent outcomes for future teachers across TELA and our local schools.

## Get Into Teaching events this Autumn term...

What a Fantastic Few Months!

We've had an exciting season filled with learning, networking, and growth. Here's a quick look at what we've been up to:

- Two Inspiring Online Events - October and December saw us hosting two dynamic virtual sessions packed with insights and collaboration.
- A local Face-to-Face Gathering - nothing beats connecting in person! Our local event brought colleagues together for meaningful discussions and shared experiences.
- A Memorable Trip to Birmingham - we took our Achieve with TELA on the road with a visit to Birmingham - an opportunity to strengthen our community ties.

## ON A JOURNEY

Our TELA trainee teachers have made an incredible start to their teacher training journey! Over the Autumn term, they've worked tirelessly to develop a wealth of skills and knowledge through both center-based training and hands-on classroom experience. It's truly inspiring to see how far they've come in such a short time.

As we look ahead, our Primary trainees are preparing to embark on their next teaching phase in a different school after Christmas, bringing fresh ideas and enthusiasm to new classrooms. Meanwhile, our Secondary trainees will continue to make an impact in their current placement schools until the end of January, further strengthening their teaching practice.

A huge thank you goes out to the dedicated mentors in schools who have supported—and continue to support—our trainees every step of the way. Your guidance and encouragement make all the difference.

Here's to an exciting year ahead and the continued success of our future teachers!

If you are planning to recruit an ECT for an August 2026 start, please feel free to get in touch. We would be delighted to share any vacancies with our trainees.

# From Trainee to Teacher

**We are proud to share that our 2024/25 teacher trainee cohort have now embarked on their teaching careers, making a positive impact across schools and colleges.**

- Our Science ex-trainees are now inspiring young minds as Teachers of Science in Coventry and Leicestershire.
- Our English and Maths ex-trainees have taken up roles as secondary teachers across various schools in the city and across Leicestershire.
- Our PE ex-trainee will be supporting the development of sports facilities in a local Leicestershire college.
- Our Primary trainees are thriving in a range of schools across Leicestershire, bringing creativity and care to their classrooms.

**We wish all our trainees continued success as they begin this exciting chapter in education.**

## Achieve with TELA - School Experience

---

This is a great opportunity to explore teaching as a career! The 'Day in the Classroom' initiative is an excellent way for individuals to experience firsthand what it's like to be a teacher. It could truly help decide if this rewarding profession is the right path, while also enhancing a teacher training application.

If you or someone you know is passionate about inspiring and shaping young minds, this might be the perfect first step towards a teaching career.

## Inspire the Next Generation

Thinking about a career where you truly can make a difference?

As a teacher, you'll experience job satisfaction that few professions can match.

Beyond parents, teachers hold an unparalleled influence on a child's life.

Imagine the pride you will feel seeing your pupils grow and achieve, knowing you played a vital role in their journey.

It's a feeling that truly stays with you!

## The Vocation of Teaching!

Ever thought about a career that's more than just clocking in and out?

Like doctors, nurses, and vets, teaching is a true vocation.

It's not just about earning a living; it's about a profound sense of purpose and job satisfaction.

Teachers experience a level of reward unmatched by most professions.

It's about making a real difference, every single day.

**TEACH  
LOVE

## Turn Your Passion Into Your Profession!

Imagine a job where you get to share what you truly love, every single day.

As a teacher, you do not just work; you inspire!

Few careers let you use your passion for a subject like teaching does.

You get the incredible opportunity to instil that same enthusiasm in the next generation.

**TEACH

## Unlock a Rewarding Career!

Teaching is not just about passion? A career in teaching offers truly generous financial packages, making it a smart and fulfilling choice.

As an Early Career Teacher (ECT) in England, you could start on a minimum salary of £31,650.

London and surrounding areas, the pay scales are even higher.

This isn't just a job; it's a career with significant potential for growth and excellent earning power.

Discover how your passion can also lead to financial security.

## Be a Lifelong Learner!

One of the most exciting perks of being a teacher?

You never stop learning!

Nothing encourages you to delve deeper into a topic than teaching it.

Those inquisitive student questions will have you constantly researching new findings, exploring innovative technologies, and broadening your own knowledge.

Embrace a career where every day brings a new discovery – for you and your students!

**TEACH

## Job security....

Teaching offers a high degree of job security due to the consistent need for educators.

Teaching skills are transferable and valuable across various educational settings, offering opportunities for different roles or even moving between different countries
