

# Initial Teacher Training

PROVIDED BY ACHIEVE WITH TELA

# Welcome!

Every lesson shapes a life ...

We provide school based initial teacher training in primary and secondary education. Working in partnership with the Leicester & Leicestershire SCITT along with University partners at the University of Leicester.

All courses lead to Qualified Teacher Status (QTS) & Post Graduate Certificate in Education (PGCE).

You will learn from current practicing teachers and university specialists. You will develop your knowledge of how academic theory underpins your classroom practice .

Our course structures cover the areas you need to feel completely prepared to enter your Early Career Teacher (ECT) classroom

# Our Ethos

The ethos of Achieve with TELA is that you will be part of the TELA community, not just a trainee on a placement.

We invest in training the teachers of the future for our children, our community of schools and beyond.

We know it is a challenging course, but we believe in supporting our trainee teachers to be the best they can be – We are a smaller provider and are very proud that we get to know you as an individual. You will be supported by our central Achieve with TELA team, as well as the central SCITT team and as a student at the University of Leicester, by our colleagues at the University.

On each of your teaching placements, you'll have a school mentor and ITT coordinator whose role is to ensure that you are supported in school, and that things run smoothly - that you have the best possible experience. We have dedicated quality assurance leads and lead subject tutors, who are your subject specialist in secondary.
