

Wise Guys - Walkin' in the Light

Like those wise guys, those Magi,
who saw the light that led them through the night,
I wanna be wise too in all I say and do.
So where You lead, Lord, I will follow You!

Wherever You lead me, I'll gladly go.
Wherever You call me, Your voice I'll know.
Wherever Your light shines, the path I'll see.
For I know You're watchin' over me.

Like those wise guys, those Magi,
Who saw the star and traveled from afar,
I wanna be wise too, and always look to You.
So be my guide and let Your light shine through.

Wherever You lead me, I'll gladly go.
Wherever You call me, Your voice I'll know.
Wherever Your light shines, the path I'll see.
For I know You're watchin' over me.

Walkin', walkin', walkin', in the light!
Walkin', walkin', walkin', in the light!
Like those wise guys, like those Magi,
I wanna be walkin', walkin', walkin', in the light!

Walkin', walkin', walkin', in the light!
Walkin', walkin', walkin', in the light!
Like those wise guys, like those Magi,
I wanna be walkin', walkin', walkin', in the light!
I wanna be walkin', walkin', walkin', in the light!
I wanna be walkin', walkin', walkin', in the light!

In the light! YEAH!
