Lions of M6...

Thank you so much for your support through my war with stage 4 ovarian cancer! You have truly lifted me up through this horrendous chapter. I look a LOT different but my heart is the same. Thank God, I am now cancer free and ready to Lead to Serve, Serve to Lead!

When you meet a new Lion, they sometimes ask “what is your Aha moment?” I think mine was the day I realized that I needed to become a Lion. It was almost 22 years ago, and I was in class getting my degree and I got a call from my boss saying my house was on fire. So, as I was learning that a Durango could do 100 plus on I-44, to get home to find everything gone. My daughter and I lost it all in a matter of minutes. But this lady comes over to me and hands me \$200.00 in cash and says her name is Marty Ruark with the local Lions Club. She tells me to get Jordan and I a room for the night and some food and we will come back and deal with this in the morning light. And yes, there were Lions there the next morning to help. That’s when I knew that this is something that I needed to be a part of. To this day, I still aspire to be a Lion Marty, or a Lion Delores or one of the other many strong leaders in our group.

As a result, I have served different officer positions with the Miller Lions Club as well as District leading up to this. The experience with the people is unmeasurable, as well as the rewards from knowing all the hard, crazy and most of the time work goes to those who need it.

Just like the Lions pin, one Lion is looking back and being proud of our accomplishments and the other is looking forward to the future. So, I want us to look to the future. There are so many more things out there we can do and younger people’s mental and physical energy to tap into, its endless! Let’s step out of our comfort zone and find a new way to smile and make others feel loved and appreciated.

But on the short and sassy part of this supposed bio, I am married to a wonderful man Lee Rodgers, and we share six beautiful adult children. They have blessed us fifteen times with the cutest grandkids you have ever seen!! Lee and I enjoy riding our motorcycles, fixing classic cars and I enjoy gardening, quilting and tending to the flower beds when I have free time (Yeah right! Have you seen our schedules??) I have worked in the medical field for over 22 years as an Administrative Manager as well as teaching CPR on the side to whomever wants to learn to save a life.

My pin shows some of my favorite things in life; long sunsets, my sunflowers we grow and one of my three dachshunds Daisy May.

What is your passion? Let’s make it happen!!

We Collected Glasses - Now Where Do We Take Them?

Our club collects glasses, but where do they go? One place that is a central location for the district is Seymour. Lion PDG Bob Crump is your contact person, and the glasses will be stored at the Craig-Hurt Funeral Home in Seymour, MO.

Here are **some possible ways to get them there** and possibly save a long-distance drive: 1) Take them to a cabinet meeting, 2) Give them to a zone chairman or district committee chairman that is attending a cabinet meeting, or 3) Take them with you to district convention.

Please remember – if you are taking them to Seymour, *please call Lion Bob (not the funeral home)* and set up a time to meet him. This way you will miss coming when there is a visitation, service, or a family planning a service. Lion PDG Bob can meet you on most weekends, days, or evenings.

When a large number of glasses have been collected, Lion PDG Bob will contact a Lion from Jefferson City to come collect the glasses, consolidating the District's efforts.

Contact Lion PDG Bob at 417-464-4040 for when to come or answer your questions.

Fundraiser Projects

Fund-Raising is defined as “the seeking of financial support for a charity, cause, or other enterprise”. However, while Lions are very familiar with fund-raising projects; we often confuse fundraising projects with Service projects. It is essential to recognize the difference. Lions International has very strict guidelines regarding how monies may be utilized from fundraisers. Money received from the public must be returned to the public in some manner and cannot be used for administrative expenses. For more information on this, please contact the District Treasurer.

Fundraising is a valuable strategy to bring your community together and effectively serve local needs. There are many ways to fundraise; from approaching a local business for donations, to hosting a club benefit event, to soliciting pledges for fun challenges and beyond. Be creative and find what supports your community. This list of fundraisers held in District M6 shows that we are VERY creative!

Service Projects

Lions have been associated with service since 1917. We were founded as a Service organization in this country and then expanded globally, or universally; we have emblazoned our entire world with the motto “We Serve”. The definition of “Service” is “the action of helping or doing work for someone”.

Every community in M6 has a need that may only be met by their Lions club. I challenge each club to critically look at your community and the world to see how all areas can be impacted by your service. Is there a new service project needed or does a current project need something additional to impact more people? One thing is certain, the world needs Lions now more than ever!

We also need more new Lions in our district. Use your service projects to introduce prospective members to Lions International. They will receive an immense feeling of validation and involvement from doing actual ‘hands on’ service projects, something tangible that fills a void for an individual, a community or a population.

Aurora = Food Pantry, Cemetery maintenance, Financial donations to area causes, Back to school bash for hearing testing, Light the night, Downtown Christmas, Plant roses at White Park, Project rise meals.
