

## M6 Clubs Service Project Showcase

SERVICE is a core value of Lions International, our motto says it all -- "We Serve". The definition of "Service" is "the action of helping or doing work for someone". While fundraising and distribution of those funds to those in need is certainly beneficial, many individuals receive an immense feeling of validation and involvement from doing actual 'hands on' service projects, something tangible that fills a void for an individual, a community or a population.

My theme for this service year is 'Harness Your Passion'. My passion doesn't have to be yours, nor yours mine; there are many needs in our communities and throughout the world. I challenge each club to conduct a new Needs Assessment for your community and see what needs are not being met. Since the Covid-19 pandemic needs may have changed. One thing is certain, the world needs Lions now more than ever!

During the M6 District Convention on Saturday, March 26, 2022, we would love your club to showcase your top service project that your club does for your community. Provide a display showing what and how your club does your biggest or best SERVICE project. Please include information of how, where, when the project is conducted along with examples, pictures and/or literature to show; this can be as elaborate, creative or basic as you wish as long as the project is clearly communicated. Demonstrating the passion your club has for this SERVICE is a plus!
