# Average Data - 17 NJ Counties

Election Data – 17 NJ Counties

Observations

- Likelihood that ~70% of registered Somerset County 18-year-olds voted is instinctively suspect – 2,768 voted out of 3,986 registered
- 77% of 90-year-olds. 409 voted 530 registered
- Voting patterns do not appear to be "natural"
- 6th order polynomial patterns across all counties may be the result of an algorithm (computer program) designed to "back-fill" votes based on stale census data

NJ Voter Turnout % and Population vs Year
2020 turnout is 17 of 21 Counties – Per NJ Election Board – Total Turnout 72%

Analysis

- ► Results: Biden 2.6M (57.3%), Trump 1.9M (41.4%).
- ► 77% (tabulated) less 65% (historical) is a 12% increase in historical turnout
- ► Equates to 563,000 "phantom" votes in 17 of 21 counties.
- ► Trump up 281K votes since 2016 – NJ trending to the GOP
- ► But Dems up 460K votes since 2016
- ► Yet NJ population declined 2016 – 2020 by ~100K
- ► The above and voting behavior from 2012 – 2020 suggests registration rolls are packed with phantom registrants and phantom voters

Policy Proposals (Federal)

- **Require all voters in federal elections to present photographic identification, issued by the federal, state, local, or tribal government**

- **Allow state election officials to verify U.S. citizenship of registered voters**

- **Require all federal courts to notify state election officials when individuals whose names are drawn from their voter registration rolls are excused from jury duty because they are not U.S. citizens**

- **Amend the National Voter Registration Act of 1993 to allow states to strike individuals who have not voted in two consecutive federal elections from the voter rolls**

- **Amend the National Voter Registration Act of 1993 to clarify that states may require proof of citizenship**.

- **Require DHS to inform the Department of Justice about all information it has on noncitizens who have registered for or voted in elections.**

- **Sunset the U.S. Election Assistance Commission, a federal agency created in 2002 to administer a one-time grant of federal funds to the states**

- **Direct the Department of Defense to create voter registration offices on all military installations to provide voting assistance to military personnel and their families**

Policy Proposals (State)

▶ Require all voters to present photographic identification, issued by the federal, state, or local government, when they vote at their polling place and to send copies of such identification or their driver's license number when submitting an absentee ballot.

▶ Require all individuals who register to vote to provide documentation establishing that they are U.S. citizens.

▶ Require state and local election officials to verify the accuracy of new voter registration information against other available state and federal databases.

▶ Require individuals who register by mail to vote in person the first time they vote.

▶ Require all individuals who register to vote by mail-in forms, whether mailed back to election officials or hand-delivered by the individual or third-party organizations, to comply with the applicable HAVA provision.

▶ Require all third-party organizations that conduct voter registration drives to write the name of their organization, as well as that of the volunteer or employee handling each registration, on the voter registration form and that all completed forms be returned to election officials within 10 days of the date on which the forms are signed by the person registering.

▶ Require all state courts to notify election officials when individuals whose names are drawn from the registration rolls are excused from jury duty because they are not U.S. citizens or no longer live in the jurisdiction.

▶ Require that each state enter into agreements with other states, such as the Interstate Voter Registration Crosscheck Program, to compare voter registration lists to find people who are registered in more than one state.

▶ Reject any effort get rid of the Electoral College.

Voter Integrity Solutions – Future Considerations

Policy Proposals (State and County)

▶ **REQUIRE re-registration NOW of EVERY voter in NJ to prove US Citizenship per U.S. Constitution and N.J. Constitution (1947) requirements. "U.S. Citizenship" is a prerequisite to qualifying to vote. REQUIRE EVERY NEW REGISTRANT AND ANY PERSON WISHING TO VOTE IN ANY FUTURE ELECTION IN NEW JERSEY TO ESTABLISH, EVIDENTIAL PROOF THAT THEY HOLD U.S. CITIZENSHIP.**

▶ **REQUIRE all future elections to be conducted by PAPER BALLOT ONLY (Essex County as an example); results to be witnessed being manually tabulated locally at each most local voting district, then reported in person or by phone up the chain of reporting, ultimately to the Secretary of State's office for public reporting. Make it public policy that an accurate count is far more important than rushing to report results. Paper ballots to be WITNESSED being SEALED for transit and safe-keeping BY EACH COUNTY (expressly, NOT the State!) for at least 22 months following any election.**

▶ **REQUIRE ballots to be printed on counterfeit protected paper with micro type, water marks and randomized serial numbers – like paper currency. Scanned ballot serial numbers must first reconcile with master serialized data base – by county - else the ballot is void and cannot be counted.**

Conclusion

"Those who vote decide nothing. Those who count the vote decide everything."
