

Chinese Cultural Revolution and America Today

Pray for New Jersey

July 21, 2021

Hi, I am Patty Hu. I am a first-generation immigrant from China. I am also a mother of two children. It's a great honor to be invited here by Jeff Grant and Charles Li to share my thoughts and life experience with you with regards to Chinese Culture Revolution and America today.

What is Chinese Culture Revolution? Anyone knows or still remembers? Here is some information that I gathered for you:

The Culture Revolution in China began in August 1966 as an attempt by Zedong Mao (Chairman Mao) to retain power. Mao argued that a culture revolution was necessary in order to rip China of all capitalistic influences and to get rid of what he called the "Four Olds" – old culture, old customs, old habits, and old beliefs, which he thought were counter revolutionary and held the nation back. One of Mao's first act was to close the schools and had young students form an organization called the "Red Guards". These terrorists' organizations were used publicly to humiliate, assault, and in some cases even murder the political enemies of Mao and the Communist Party. Young people were encouraged to arrest and persecute anyone that they suspected to be related to capitalism or anti-revolutionary ideas. In many instances, the young students reported their teachers, principals, and even their own parents/relatives, or their friends' families to the Red Guard authorities. The Culture Revolution ultimately ended in 1976 with Chairman Mao's death. However, it had truly disastrous impact on Chinese people and culture. 1.5 million or more people were killed during the Cultural Revolution, and millions of others suffered imprisonment, seizure of property, torture or general humiliation. Millions of families were torn apart where sons and daughters turned against their parents and husbands and wives turned against each other... not to mentioned whole generations of young people missed golden years of their lives of pursuing higher education. Many world-famous talents chose to end their lives by suicide to avoid further torture or humiliation to keep their dignity as a human being. Similarly, to what Joseph Stalin, Adolf Hitler had done, Mao used cult of personality to manipulate people and social discourse which ultimately hurt Chinese people and compromised peace. It also undermined Chinese history and culture, leaving the nation deprived of some of its richest heritage and treasures.

Sounds familiar? Smell any similarity in the educational system of America and our communities today? The answer is, "Yes".

Here is a summary of *on-going* "American Culture Revolution" movement. I hope this will give everyone of a clear picture of what is happening right now:

First, the "1619 project". This project was initiated by a *New York Time* writer and designed to replace the beginning of America from our battle of independence in 1776 with the year slaves were first brought to America. This is exactly what Chinese Communist Party (CCP) did 50 years ago to Chinese people. They twisted Chinese history and included countless fake

information and data into the educational materials and public media, brain washed millions of Chinese people. Many of them are still not waking up even today. The Vice President, Biao Ling, of CCP once said, “If we do not lie, we will not be able to achieve the higher goal.” *Ironically*, he died in an airplane crash trying to escape from Chairman Mao’s persecution back in September 1971. I guess that’s what he meant about his “higher goal”.

Second, ***Toppling statues***. This is similar to the destruction of olds and is exactly what the “Red Guards” did 50 years ago in Chinese Culture Revolution. At that time, countless ancestors’ statues had been torn down and destroyed. All religious people had been forced to give up their faith. Countless churches and temples had been destroyed by the “Red Guards”.

Btw, CCP is doing the same things these days in mainland China. Thousands of churches have been either destroyed or damaged in recent years. Pastors had been put into the jails. CCP office and camera have been placed inside of churches to monitor the religious people. I will talk about censorship later.

Third, ***Renaming school holidays***. “Columbus Day” becomes “Indigenous Peoples Day”. “Christmas” is now “Winter Break”. In Randolph township, for a while they called all holidays as “days off”. Again, dissolving and slowly shifting tradition is kind of strategies to change the world. This happened in Chinese Culture Revolution as well. For example, CCP simplified traditional Chinese language characters and eliminated the best part of Chinese language that God created. As the story is too long, I prefer to share with you for the details after the meeting if you are interested in.

Fourth, ***Censorship***. For example, Children who talk about their parent’s guns in school are potentially disciplined and the parents potentially at risk for teaching children how to use guns which is a natural right of all American. Guns are not sinned, but people do. According the public statistic data, the top 5 most dangerous cities in America are all Democrats controlled, gun restricted cities, e.g., Los Angeles, New York city, Chicago, *etc.* Same as CCP and its people, many US public media are now becoming the masters of censorship. They are hiding the truth, promoting fake news, and prohibiting people from speak freely. During the Chinese Culture Revolutions, tons of precious literatures, arts, books, including Bible, had been burned into ashes. People lost their freedom of reading and forced to accept all kinds of brain washing materials. My parents who were teaching in a college for a living at that time had been forced to participate political meetings every day and being given only Mao’s books to read. If anyone refused to attend, they will be ended with persecution or even in a jail. I remembered that I had a high fever one day and my mom could only put more blankets on me and left me alone in a room for a whole day so that she could still attend the political meeting. I do not blame my mom for if she did not do that, our whole family may be destroyed. It might be hard for American to imagine when people lost their basic human rights, how hard and how dark it could be.

Fifth, ***Marxism***. Many Marxism believers in America are solicitating people, especially young generation, by using “beautiful” liberal slogans. However, look at what they’ve done, destroying people’s properties, attacking people, creating conflicts / chaos throughout the country. This is exactly like what the “Red Guards” had done in the Chinese Culture Revolution 50 years ago. They are fascists and terrorists indeed! “The thief comes only to steal and kill and destroy”!

Sixth, **Wokism**. *Wokism* is now praised through the news media, schools and business. The term may come from the term "wake up" used during the woman's suffrage movement. But it forces people to embrace the new world of equity not equality. Equality stands for equal opportunity. Equity shifts the thinking to equal outcome. This is a Marxist concept. CCP is the master of this concept and cheated Chinese people to give up their most important human rights to themselves 100 years ago and slaved them since then. But thanks God and His people, now over 5.5 million Chinese people are enjoying their human rights and equal opportunities in America.

Seventh, **Gender Abuse**. It is so bad that people actually believe a man can be a woman and a woman can be a man. Children are encouraged to explore their own personal sexuality at 5 years old. Children are taught that they can choose their Sex - LGBT ideology starting from kindergarten in NJ public schools reinforces this bizarre concept. Mao did the similar thing in the Culture Revolution. He claimed that woman shall dress, work, and live the same ways as man. It sounds like a liberty of woman. But in reality, it destroyed the human society's tradition and core family value that man shall work outside, and woman shall take care of family and children inside. Man and woman shall work as a team to raise and protect their family.

And in NJ, many school districts make it illegal for parents to interfere if a child chooses to "transition." Trust me: once they win on children being able to choose their sex and transition, without the parents' consent. They will make it legal for children to have sex with adults. Mao did the same thing in the Culture Revolution. Young generations were encouraged to disobey their parents, laws, and orders.

Last, **Critical Race Theory (CRT)**. "Inclusion" teaching is actually critical race theory indoctrination where whites are oppressors and blacks are the victims. It further divides by other races - this is Marxism. This happened in Chinese Culture Revolution as well. People had been classified and separated according to their career, political parties, *etc.* People are encouraged to report each other, hate each other and hurt each other. Certain group of people were classified as "oppressors" and others were "victims". This concept is from Satan without doubt for the purposes of separating us and hating each other. And hating is killing.

There are other examples like this, they are all around in advertising, news media, political speeches, *etc.* Basically, Marxism and communism destroy history and tradition and replace it with submission to one person (cult of personality Mao, Stalin, Hitler) or one party (CCP).

He says, "What has been will be again, what has been done will be done again; there is nothing new under the sun. Is there anything of which one can say, Look! This is something new? It was here already, long ago; it was here before our time." (Ecclesiastes 1) – Marxism, socialism and communism has been attempted many times over the course of history, it works until the government runs out of other people's money (Margaret Thatcher, UK Prime Minister). Marxism, Communism and Socialism are all failed forms of economics. There is no more powerful and effective form of an economic system than free-market capitalism; it has demonstrated continuous success in advancing prosperity for ALL members of its society.

“A good tree produces good fruit, and a bad tree produces bad fruit. A good tree can’t produce bad fruit, and a bad tree can’t produce good fruit...Yes, just as you can identify a tree by its fruit, so you can identify people by their actions.” (Matthew 7) – Democrats are expert at “gaslighting;” that is pissing all over you and insisting it is raining. Recently in the news, White House spokesperson Jen Psaki claimed that Republicans wanted to defund the police yet democratic mayors across the country for the past year or more have de-funded their police and seen dramatic increases in crime. Blaming defunding the police and the advancing crime wave on Republicans is like the CCP blaming the USA for the Wuhan Flu.

Lying and deception are the root of all evil. That evil spirit did not die yet. It is here again doing the same things as it did in China about 50 years ago in the Culture Revolution. It tries to cast its power to our daily lives and influence our children and everyone else. It is trying to destroy the most valuable American traditional culture – conservative values, by twisting American history and brain washing us and our children via fake news, social media, and educational system. “They say that what is right is wrong and what is wrong is right; that black is white, and white is black; bitter is sweet and sweet is bitter.” (Isaiah 5)

Enough is enough! More and more Chinese American are now standing up these days – including me: because we see the parallel between what happened in China 50 years ago and what’s unfolding today in US in front of our eyes. We knew how it ended for Chinese people 50 years ago and it was ugly – so we are here to cry out – be aware of what is lying ahead! We cannot allow the evil spirit to win this time around – for the sake of our children and for the sake of our land! Evil is actively and intentionally working on “Cancelling Culture” (which is equivalent to “Culture Revolution”) so that a whole generation of young people will grow up (and have already grown up) not having a culture to hold onto and by default, and by the influence of monopolized media and social media - to embrace the evil’s “culture”.

As a mother of two children, what I can do for them in this difficult time are as follow:

First, I let my children be aware that all these things are wrong.

Second, let them know why it is wrong by sharing with them the authentic American history and the history of Chinese Culture Revolution

Last, as a mother, I am enjoying the God grant rights to pray for my children on daily basis. I pray that they follow God’s way, instead of their own ways. I pray God to protect and lead them.

For those young couples with little kids, I would recommend you to either send your children to a trustworthy private school or do home schooling. There are plenty of resources to support home schooling. What we really want to avoid is to allow the evil forces rob us of our God given children and turn them against God.

The United States has the world’s most advanced productivity, the most developed science and technology, the most prosperous economy, the best culture, the most complete social security, the most equal, free, and democratic society, the most humane system, and the most humanistic Constitutional law! Almost all the best things in the world are in the United States. Whoever is

anti-American is anti-human, anti-society, and anti-universe! ! Long live July 4th! Long live a democratic America!”

Guess who said that. Chairman Mao! Back in 1944, published in Xinhua Daily News. Isn't it funny?

One nation under God. America is a great country before, now, and in the future. As long as God is with us, who can be against us. America grants all immigrants' equal human rights which many of them are not even aware of in their native lands. For example, my parents who had spent their entire lives in the socialism system of China have never enjoyed the freedom of speech, election rights, educational rights, birth rights, property rights, and gun rights, *etc.* People live in fear in that world of socialism – as it is run by evil spirit. That system forces people to surrender all their rights and gives the false promise that the system will equally and fairly distribute rights and fortune back to the them – again, sound familiar? Satan used God created apple to cheat people in the beginning. He is doing the same thing now as well.

America is a shelter for refugees who are seeking peace, happiness, righteousness, and freedom. America is our home. We need to stand up together and protect this free land from evils' attack.

Again, thank you, Jeff, Charles, Charlie, Chunhong, for your great support, advice, and input for this presentation.

May God bless us, protect us, and be with us! Thanks for listening.
