Meet Mr. Oneida 2023

Q: Exactly, what does the Oneida community mean to you?

A: In my opinion and experience within the camp, I can say that Oneidas for me means inclusion, because not only are we an internal family, we also include and make all the people who visit us feel part of our family throughout each season regardless of gender, sexual orientation, Oneida is an open-minded family, who will never judge if you being straight are in a gay camp, on the contrary, we always make those who visit us feel welcomed and of course always with RESPECT

Q: How has the community at large received you, the good & the bad?

A: I have always received the affection of the entire community within the camp, that's why I proudly represented my Oneida house during my year of reign.

Q: Your reign is not over, but how has it been so far?

A: Indescribable, because it was a year of many emotions, although I have no experience in reigns, this was my first crown, I loved working with the camp, I felt the support of all the staff during this process and that's why I will close this cycle in the best way

Q: How do you think your reign has changed you?

A: I feel that I managed to connect with many people from the camp with whom I still did not have the opportunity to share, I feel that my inclusion with the American community improved a lot throughout this process and as a personal achievement I feel satisfied to know that I have the affection of an entire family which will ALWAYS be Oneidas for me

Q: What is in the cards for Marlon in the coming year?

A: Reaping successes, fulfilling my goals, continuing to dreaming in this country that opened its doors to me and above all continuing to believe that if you believe in yourself many doors will open in your favor, but always remembering that God is the one who should guide you and who should be in front of your dreams, goals and plans

Q: What advice do you have for the next reigning king?

A: Live every moment, every presentation, every experience, it is a year that passes very quickly, and that always keep in mind that the crown does not make you a KING "The best message you can take to our camp inside and outside, is the essence and humility that characterizes you as a person

Thank you Oneidas for everything!! ❤️
