Lee County and FDOT presented Matlacha
with the following plans in 2022

[www.swflroads.com/
pineislandroad/sharedusepath/](http://www.swflroads.com/pineislandroad/sharedusepath/)

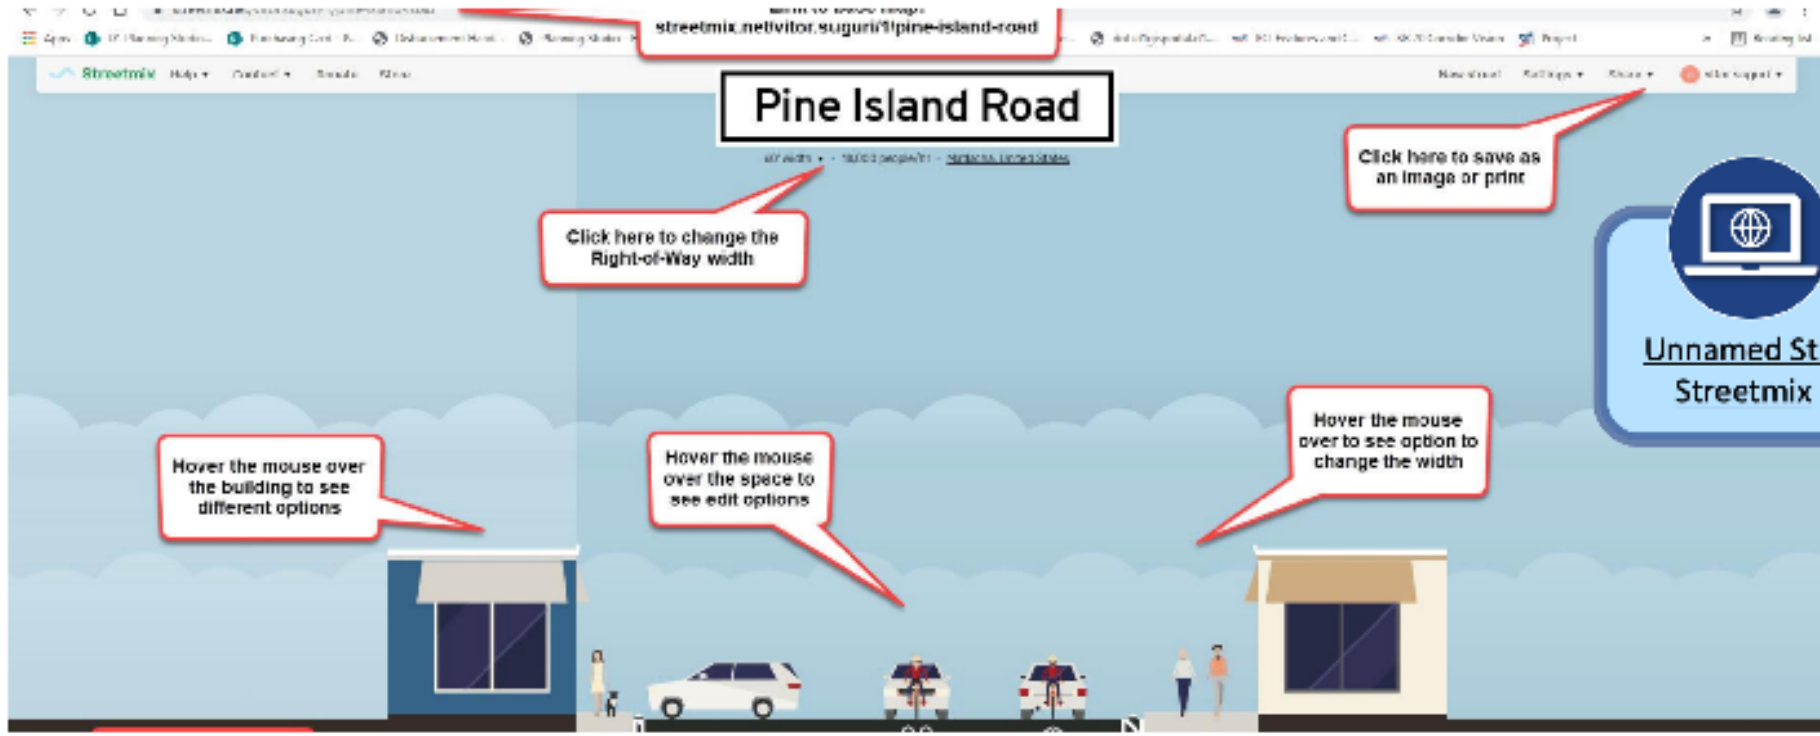

Shared Use Path study begins

The Florida Department of Transportation (FDOT), District One, has begun a Feasibility Study for a proposed shared use path along Pine Island Road in Lee County. This potential future path would add approximately five miles of pathway from Stringfellow Road, through Matlacha, to Veterans Memorial Parkway in Cape Coral. The goal of this study is to develop feasible alternatives to be evaluated in a future Project Development and Environment (PD&E) Phase.

The purpose of this project is to determine the feasibility of constructing a safe, viable, non-motorized travel option for commuters and recreational users of Pine Island Road, while minimizing effects to the natural, cultural, social, and physical environment. **Please complete the enclosed questionnaire or use the link on the project website to provide your input to FDOT. The questionnaire is open until Friday, July 16, 2021.**

THIS FDOT PLAN ALSO PROVIDED FOR ELEVATED SIDEWALKS FOR PEDESTRIANS AND PARKING FOR SHOPPERS AND DINERS

Lee County advances Blind Pass dredging project

BY ADAM REGAN

APR 8, 2026

Waterways Assistance Programs (WAP)

The Waterways Assistance Program is a grant initiative established by the Florida Legislature in partnership with the District. Its aim is to enhance public access to the Atlantic Intracoastal Waterway and related waterways within the District. Authorized under Section 374.976 of the Florida Statutes and governed by Chapter 66B-2 of the Florida Administrative Code, the program serves local governmental agencies, including municipalities, counties, port authorities, and special taxing districts across the twelve counties in the District.

Application Process

Grant applications will be available on the District's website starting in January, with submissions due by the end of March. Specific deadlines can be found in the application package, and funding awards will be announced in October.

Applications undergo an initial review by District staff to ensure compliance with program requirements. Compliant applications are then presented to the District's Board of Commissioners, which evaluates them using a rating system. Projects that meet the minimum score are eligible for funding, subject to statutory and budget limitations. Approved projects can access funds beginning October 1st.

Funding Limits

Funding is capped at 90% of the tax revenue the District receives from the applicant's county. Multiple applicants from the same county may compete for these funds.

The District can provide up to 75% funding for public navigation projects, while other project categories may receive up to 50% assistance. Annually, the District allocates approximately \$10–12 million for this program. Local matches may include cash and other grant funds.

Eligible Projects

Eligible waterway projects within the District must be located on natural, navigable waterways and include:

- Public navigation channel dredging
- Navigation aids and markers
- Inlet management for public navigation
- Shoreline stabilization
- Public boat ramps & launching facilities
- Environmental education programs & facilities
- Maritime management planning
- Beach renourishment
- Public fishing and viewing piers
- Boating safety programs
- Boating safety equipment
- Other waterway related projects

County buying Mullock Creek Marina - A piece of Old Florida going away

Charlie Whitehead
Fort Myers News-Press

May 9, 2025, 5:06 a.m. ET

Key Points

- Lee County commissioners voted to purchase Mullock Creek Marina for \$4.4 million to create a public boat ramp.
- The marina, known locally as "The Crick," is currently the only public boat ramp between the Imperial River and Punta Rassa.
- The purchase includes the removal of existing structures such as homes and the bait shack, but some docks will remain.
- The county plans to address traffic and parking concerns as they redevelop the property to maximize its potential.
- Lee County has a high number of registered recreational boats, and this purchase marks the first new boat ramp in 20 years.

"Difficult to find. Harder to leave."

Is what the sign says. It's old, and it's almost faded away. Soon what it describes will be gone, too.

Lee County commissioners voted unanimously on May 6 to buy the Mullock Creek Marina – The Crick, as many

Boca Grande Tennis and Pickleball Courts

Parks & Recreation Department
Park Project

The project entails completely reconstructing the two tennis courts and building three new separate pickleball courts. The courts will have an additional public restroom next to the pickleball courts.

Project Cost Project Status
\$1,963,792 **Construction**

Planned Start Planned End
June 2025 **June 2026**

This project is being done because the existing courts are in poor condition and need to be rebuilt. Additionally, there is high public demand for pickleball courts on Boca Grande.
