## Wine Menu

**Habit Wine Company**  
SANTA BARBARA COUNTY  
Sauvignon Blanc (2015)  
\$46

A journeyman actor by trade, Jeff Fischer began making wine in his basement in the early 90's as a friends and family label, Casa Pescador. After years of searching throughout California looking for the right grapes, in 2007 he finally landed in Happy Canyon of Santa Barbara County.

Jeff works closely with an amazing team of viticulturists in some of the best vineyard sites throughout Santa Barbara County (McGinley – Happy Canyon, Grassini – Happy Canyon, Jurassic Park – Los Olivos, La Encantada – Anta Rita Hills and Curtis – Los Olivos). All of the vineyards are managed by Coastal Vineyard Care Association with a strong commitment to using sustainable, organic and bio-dynamic practices so that they produce the best possible grapes for handcrafting these very personal wines using artisan methods in a state of the art facility.

**Ghostwriter Wines**  
SANTA CRUZ MOUNTAIN  
Chardonnay (2014)  
\$42

Simply put, there is unrealized potential when it comes to wines from the Santa Cruz Mountains. Legends like Martin Ray, Paul Masson, and Chaffee Hall recognized it early enough to make the area one of California's original viticultural areas. The Ghostwriter project is a partnership between the Wilkersons and the Wilkersons to reach the potential of the area. In early 2008, Brian and Kenny took over the farming on two of the appellation's oldest vineyard sites, the Woodruff Family Vineyard planted to Pinot Noir and Chardonnay and The Aptos Creek Vineyard planted to Pinot Noir. They introduced sustainable farming to the vineyards and carried that through with natural winemaking in the cellar all in an effort to emphasize the sites and their individual terroirs.

**Vincent Couche, Elegance (NV)**  
FRANCE  
Champagne  
\$69

In the heart of the "Côte des Bar," Vincent Couche cultivates 13 hectares of vineyards using Biodynamic methods (Demeter certified since 2011). 3 hectares of Chardonnay faces South in Montgueux, on chalky soil from the Cretaceous period. (Only 40 cm of dirt above the chalk). 10 hectares in Buxeuil with soils from the Kimméridgien period. The vines in Buxeuil are planted primarily with Pinot Noir. Advised by Claude Bourguignon, seedlings of Chardonnay were established in certain ideal areas for this varietal. Mainly Southern and Western exposures, on steep slopes with the Seine river below. This sector has a specific micro-climate with high temperatures, while keeping a certain moisture thanks to the presence of the Seine near the vines.

**Big Table Farm**  
WILLAMETTE VALLEY  
Pinot Noir (2014)  
\$64

Big Table Farms - Fans of the sophisticated wines of Helen Turley and Sine Qua Non take note: tiny independent ("Indie") Big Table Farm is an Oregon winery you want to know. Big Table Farm co-owner Clare Carver is a farmer, and Big Table is very much a working farm. She raises free-range chickens, pigs, and beef for local sale. The "Big Table" name was inspired by the long table at their house, site of many feasts using the farm's produce and meats.

The use of whole cluster fermentation is the back bone of this wine. Lots of leather and oak spice on the nose. Black cherry, dried cranberry, and pomegranate, as well as cardamom and anise. Palm sugar, hay, clove and sandalwood on the palate. Very fresh and bright, approachable wine.

Soft tannins, and high acid, make this a great food wine.
