Habit Wine Company
SANTA BARBARA COUNTY
Sauvignon Blanc (2015)
\$46

A journeyman actor by trade, Jeff Fischer began making wine in his basement in the early 90's as a friends and family label, Casa Pescador. After years of searching throughout California looking for the right grapes, in 2007 he finally landed in Happy Canyon of Santa Barbara County.

Jeff works closely with an amazing team of viticulturists in some of the best vineyard sites throughout Santa Barbara County (McGinley – Happy Canyon, Grassini – Happy Canyon, Jurassic Park – Los Olivos, La Encantada – Anta Rita Hills and Curtis – Los Olivos). All of the vineyards are managed by Coastal Vineyard Care Association with a strong commitment to using sustainable, organic and bio-dynamic practices so that they produce the best possible grapes for handcrafting these very personal wines using artisan methods in a state of the art facility.

Ghostwriter Wines
SANTA CRUZ MOUNTAIN
Chardonnay (2014)
\$42

Simply put, there is unrealized potential when it comes to wines from the Santa Cruz Mountains. Legends like Martin Ray, Paul Masson, and Chaffee Hall recognized it early enough to make the area one of California's original viticultural areas. The Ghostwriter project is a partnership between the Likitprakongs and the Wilkersons to reach the potential of the area. In early 2008, Brian and Kenny took over the farming on two of the appellation's oldest vineyard sites, the Woodruff Family Vineyard planted to Pinot Noir and Chardonnay and The Aptos Creek Vineyard planted to Pinot Noir. They introduced sustainable farming to the vineyards and carried that through with natural winemaking in the cellar all in an effort to emphasize the sites and their individual terroirs.

Vincent Couche, Elegance (NV)
FRANCE
Champagne
\$69

In the heart of the "Côte des Bar," Vincent Couche cultivates 13 hectares of vineyards using Biodynamic methods (Demeter certified since 2011). 3 hectares of Chardonnay faces South in Montgueux, on chalky soil from the Cretaceous period. (Only 40 cm of dirt above the chalk). 10 hectares in Buxeuil with soils from the Kimméridgien period. The vines in Buxeuil are planted primarily with Pinot Noir. Advised by Claude Bourguignon, seedlings of Chardonnay were established in certain ideal areas for this varietal. Mainly Southern and Western exposures, on steep slopes with the Seine river below. This sector has a specific micro-climate with high temperatures, while keeping a certain moisture thanks to the presence of the Seine near the vines.

Shae Wine Cellars
WILLAMETTE VALLEY
Pinot Noir (2014)
\$68

Founded by Dick and Deirde Shea in 1996, Shea Wine Cellars is a producer of world class Pinot Noir and Chardonnay, all made from fruit grown on-site at Shea Vineyard. Shea Wine Cellars was a natural outgrowth of Shea Vineyard which was first planted to wine grapes in 1989. Shea vineyard sits on sedimentary soil over fractured sandstone. It was one of the early vineyards in this area of Yamhill County on this soil type. Today, the vineyard is surrounded by some of the premiere wineries making Pinot Noir in the "New World" style. Their approach to grape growing is to express the terroir while being responsible to the land. They practice sustainable farming techniques supported by the USDA. Sourced from throughout Shea Vineyard, this is classic Oregon Pinot Noir. It displays violet aromas, red fruit on the palate and a spicy long finish. The Estate is big but not overpowering. The tannins are smooth, the acidity bright and the wine structured and balanced.
