Find House Call Providers in Your Area

Our staff is working tirelessly to increase access to home-based primary care for the almost 6 million homebound and medically complex individuals in the U.S. who cannot currently access the care they need from the comfort of their homes. As part of these efforts, the Home Centered Care

Institute, [National Home-Based Primary Care Learning Network](#), and [Duke-Margolis Center for Health Policy](#) partnered with the [American Academy of Home Care Medicine](#), in their development of [The House Call Finder](#). The House Call Finder is a free, national practice directory dedicated to helping communities access home-based medical care.

Home-Based Medical Care

This tool is important for everyone — whether it's you, a loved one, a friend or neighbor, or anyone else who needs care in the home. Together, we can work to share the importance and impact of home-based primary care so that everyone can get the care they need **in the comfort of their own home or place they call "home."**

"It's a Dream to Me"

We spoke with [Dr. Thomas Cornwell, Executive Chairman, HCCI](#), to discuss why house calls are so important to him and why he's made it his life's work to expand access to home-based primary care. During the conversation, he said he is still
