# Want to Know More?

The screenshot shows the CCSI website homepage. At the top left is the CCSI logo with the tagline 'Coordinated Care Services, Inc. Innovative Solutions in Human Service Delivery'. To the right are navigation buttons for 'Resources', 'News and Updates', and 'Newsletter', along with a search icon. A horizontal menu below contains links for 'About Us', 'Programs', 'Employment', 'Program Management Services', 'Business Management Services', 'Consulting Services', 'Log In', and 'Contact Us'. The main banner features the title 'Dismantling Racism and Building Equity' in large white text on a dark grey background with a wavy, multi-colored pattern. Below the title is the text 'CCSI can support you on your journey toward dismantling racism and building equity' and a 'Learn More' button. A horizontal menu at the bottom of the banner lists: 'Dismantling Racism and Building Equity' (highlighted in red), 'COVID-19 Guidance and Updates', 'Support Resources', 'Take 5 Monroe Videos', 'Navigator Program', and 'Monthly Webinars'. Below the banner, the text 'Coordinated Care Services, Inc.' is displayed in bold, followed by a paragraph: 'CCSI provides a broad array of management services and technical assistance specifically tailored to meet the needs of local behavioral health, social and human service departments, state agencies, and community-based organizations in Monroe County, across New York State, and beyond.' At the bottom of the page, it says 'Read our customer stories to learn more about what we do directly from our customers.'

# Definition of Racism

**Racism:** The marginalization and/or oppression of people of color based on a socially constructed racial hierarchy that privileges white people.

[ADL.org](http://ADL.org)

# Definition of Systemic Racism

**Systemic Racism:** A combination of systems, institutions and factors that advantage white people and for people of color, cause widespread harm and disadvantages in access and opportunity. One person or even one group of people did not create systemic racism, rather it: (1) is grounded in the history of our laws and institutions which were created on a foundation of white supremacy;\* (2) exists in the institutions and policies that advantage white people and disadvantage people of color; and (3) takes places in interpersonal communication and behavior (e.g., slurs, bullying, offensive language) that maintains and supports systemic inequities and systemic racism.

# Definition of Institutional Racism

**Institutional Racism:** “Formal or informal structural mechanisms, such as policies and processes that systematically subordinate, marginalize, and exclude non-dominant groups.

# Anti-Racism

1

## Segregationist

Blame historically marginalized populations for their own racial disparities.

2

## Assimilationist

Argue that both historically marginalized populations are to blame for their own racial disparities as well as racial discrimination.

3

## Anti-Racist

Racial discrimination and oppression are the causes of racial disparities.

# Potential Pitfalls

1. Confusion/Misunderstanding
  - a. Why are Kesha and Terrell joining our meeting?
  - b. This is not a one step process
2. Potential for supervisors and workforce members who do not agree and will refuse to participate in the direction we are heading
  - a. Will they sign the attestation?
  - b. How do we hold each other accountable?
3. Training Participation
4. Customers who do not align with our mission and values

# Questions that Remain

- Accountability
  - What does that look like?
  - How do we hold each other accountable even during the most difficult times?
- How are we positioning ourselves as an organization:
  - Where people want to work?
  - Where we continuously support the growth of the workforce and community?
  - An intentional organization committed to racial justice and equity?
- Who are the customers we are currently work with? vs. Who should we be working with?

# Questions that Remain

- How do we continuously elevate ourselves as an Anti-Racist Organization?
- How do we keep this sustainable?
- What do we need to abolish to progress with our evolution?

# Closing Remarks

# Breakout Room Discussions

## Room 1

1. How would a Code of Practice work in our organization?
2. How would we integrate this work into our organizational systems?

## Room 2

1. How do we develop leadership understanding and support?
2. What are the operating outcomes of the Code that we plan to achieve?
