

Town of Westmoreland
Minutes from The Recycling Committee (draft)

Tuesday, March 3, 2026

4:00 pm at Town Hall

Attendees: Committee members- Harry Ackerman, Barbara Goodine, Char Russell, Hailey Mackey and BOS liaison Bill McGahie,

Meeting called to order at 4:00 pm.

Barbara will revise the minutes from February 17th and then we can vote on approval.

Bill and Harry met with Vincent, the new town moderator, to learn more about the procedure for voting at the town meeting.

We discussed meeting twice a month or once a month. One official meeting and one day to work on projects at the RC. Let's wait for feedback from Victor and/or Nicole at the next meeting.

Hailey, Char and Bill visited the composting facility in Brattleboro. It is very large. We can collect compost here and have it trucked to Brattleboro and pay for tonnage. We also talked about setting up an area at our RC for composting some of the basic items. It would need to be monitored.

Char presented a lot of information about TREX building materials. It was decided we did not generate enough plastic film to participate. There are other places that collect those materials.

Victor has the glass crusher ready for use. He is working on procedural information along with safety ideas. Harry will help with the presentation all this information to the Board of Selectmen.

Harry made a motion to adjourn at 5:20pm, Barbara seconded.

Next meeting: Tuesday, March 17, 2026, 4:00pm at Town Hall.

Respectfully Submitted,
The Recycling Committee
