

Westmoreland Community Power Committee

Minutes

December 13th, 2022, unapproved

Members Present

Melissa Bonito, Scott Talbot, Alan Bell, Mark Terry

Public Present

710pm Meeting Started by Mark Terry

711pm Scott Talbot moved to approve the minutes Melissa Bonito 2nd the motion. By unanimous vote the minutes from December 1st meeting approved.

712 PM the group discussed the public meeting dates, January 5th being the first public date on the books and also the content of the presentations.

Mark Terry asked that all board members review the presentation content and make any notes on the sidebar within the google documents so that we could revise it before our first public meeting.

The group agreed that the presentation should be simple and concise.

Alan Bell talked about recording the public meeting and power point presentation in January so that we could have a video so people could learn about Westmoreland Community Power before the town meeting in March.

Mark then mentioned that the group would need to continue to meet past the March town meeting in 2023. Alan Bell and Melissa Bonito were unaware of this and not certain that they would continue beyond March.

Alan Bell moved to adjourn the meeting, Scott Talbot 2nd'd. all were in favor.

Meeting closed at 759pm
