

Results of The Westmoreland Old Home Day public meeting held on 3/1/23

We are pleased to announce that we feel we have enough committed volunteers to make Old Home Day happen!

Thank you to everyone who attended and committed their time and energy to this celebration.

The volunteers that attended were all approved for the activities they chose.

The board will still need to approve the final plan for their project, the time, place and how it will be done.

The participants helped to choose the theme for the event. Thank you to everyone who submitted entries. We had a four way tie going into the meeting and came out with a clear winner.

1752 est. There's no place like Home

Thank You Angie Ackerman for your submission.

We would still like help with a few things.

1. Someone to handle the T shirts, design and sales
2. Someone to see if there is interest in having a petting zoo
3. Someone to commit to doing an ice cream social
4. Someone to come up with a way to include Maplewood

We are still open for suggestions. The more things that can happen means more fun.

If we have missed anyone who reached out to us offering help, our apologies. Please reach out again. Theresa Russell is the point person for the committee.
