FROM THE MAYOR'S DESK

A Season of Gratitude

November invites us to reflect on the people and traditions that make Nixon special. I am especially grateful to everyone who helped make the **November 7 Nixon Central Park and Veterans Wall of Honor Dedication Ceremony** so meaningful.

We were blessed with beautiful weather, a wonderful turnout, and an incredible show of community support. Seeing veterans, families, and neighbors gather reminded me why projects like this matter.

The Veterans Wall of Honor stands as a lasting tribute to those who served. Thank you to everyone who planned, volunteered, participated, and attended.

As Thanksgiving approaches, I hope we continue encouraging one another, supporting local businesses, and celebrating the community we share.

COMMUNITY SPOTLIGHT

A New Home for Healthcare

Nixon Hospital District • 1275 Second Street

On Friday, November 13, the Nixon Hospital District welcomed visitors to an open house showcasing the new location for established local medical services. The spacious, welcoming facility represents an important investment in access to healthcare close to home.

We thank the Hospital District for its work on this facility and recognize the healthcare professionals whose skill, compassion, and commitment serve Nixon families each day.

DID YOU KNOW? • CITY ORDINANCE SPOTLIGHT

Keeping Nixon Neighborhoods Safe & Beautiful

RESIDENTIAL LAWN PARKING

Vehicles generally may not be parked on residential lawns. Use driveways or approved parking areas; limited exceptions apply.

COMMERCIAL TRUCK PARKING

Commercial trucks and truck-tractors may not park on residential streets, except for permitted active services or loading and unloading.

These rules help protect neighborhood streets and keep Nixon looking its best.

YOUR CITY AT WORK

Learning, Planning & Preparing for Nixon's Future

City leadership and staff continue working on the responsibilities that keep Nixon moving forward. Mayor Sherrie Watt, members of the Nixon City Council, and City staff participated in professional development through the **Texas Municipal League (TML)**. Training and the exchange of ideas with other Texas communities help strengthen the knowledge behind everyday municipal decisions.

STREETS & TRANSPORTATION

Evaluating future street improvements and priorities.

WATER & WASTEWATER

Planning for necessary system updates and long-term needs.

This work is not simply about future growth. It is also about caring for the infrastructure residents depend on today, considering needs carefully, and making responsible decisions as plans develop. We appreciate the employees and public servants who help keep essential services running.

IMPORTANT CITY NOTICES
