

## QUAD<sup>ro</sup> powered wheelbarrow

- A true all-wheel drive powered wheelbarrow
- Hydrostatic controls for smooth operation
- 100% fail safe braking to all 4 wheels
- Interchangeable skip 450/300kg
- Lowest hand-arm vibration for 8hrs usage time
- Powered by professional quality Honda GX engine

## SAFETY FIRST WITH TRUXTA

Winner Highly Commended at PLANTWORX 2017

The TRUXTA QUAD<sup>ro</sup> wheelbarrow offers a compact powerful alternative for materials handling and landscaping.

For heavy loads the QUAD<sup>ro</sup> offers a large skip capacity which is well balanced for easy manoeuvrability.

Robustly built to take the knocks and strains of building materials, with heavy-duty tyres for the toughest terrains.

With efficient hydrostatic braking the QUAD<sup>ro</sup> copes with the heaviest loads on the steepest inclines.

## Attachments

TRUXTA has easy fit attachments for a variety of applications.

The new TRUXTA Flatbed with log poles option. The flatbed is made with heavy-duty composite, slip resistant and built to withstand tough materials and sharp edges.

TRUXTA Greedyboards extend the skip capacity for lightweight, bulky material.

TRUXTA Turf Tyres suitable for fragile surface of a championship golf course to the hostile surroundings of an inner-city roadside.

TRUXTA Galvanised Skip option for resistance against general wear and tear in rough conditions.
