

BENDie powered mini dumper

TRUXTA^{4x4}

Easy steer handling

TRUXTA introduce a range of powered mini dumpers that provide maximum versatility and light touch operation, available with battery power, petrol or diesel.

- Articulated chassis just steers around bends and corners - no need to lift or reposition
- 4x4 patented drive system
- Copes with the heaviest loads on 25° slopes
- Hydrostatic system - no gear change - just squeeze and go
