

BENDie powered mini dumper

TRUXTA^{4x4}

TRUXTA for heavier loads

- It's the **patented 'steering pivot drive system'** that provides ultimate manoeuvrability in a compact size. Combine this with a massive 300kg or 450kg skip capacity and flotation tyres fitted as standard.
- Robust heavy duty construction and a **well balanced skip** means the TRUXTA is built for all sorts of materials and tough terrains.
- The fail-safe **dead-man brake system** and intuitive hydrostatic controls gives the TRUXTA operator the safest possible operation.
- Uniquely available as a **battery powered option** operators get a quiet environmentally friendly option for the garden or domestic application.
