

PRAIRIE FIRE VC - SPONSORSHIP REQUEST LETTER

Prairie Fire Volleyball Club is a non-profit organization with a mission to empower young female athletes to grow their skills, confidence, and love for the game. We aim to provide a supportive, competitive environment that bridges the gap between grassroots development and high-performance volleyball, giving every athlete the opportunity to ignite their potential, build lasting teamwork, and elevate their game to the next level.

Our vision is to create a vibrant volleyball community where every girl—regardless of background or experience—has access to high-quality coaching, meaningful competition, and the chance to thrive as both an athlete and a person. Our core values and strategic goals align in unison as we focus on: Developing the whole athlete, excellence through effort, building strong team culture and increasing youth participation and access to sport.

Entering our 2nd year as a start-up club, we have seen firsthand how quality attention and development can help young athletes flourish. We have taken on the massive feat of expanding from one team to three teams (14U, 15U and 16U). Adding two more teams, means starting from the ground up with added equipment, and more coaches. To keep our program affordable and align with our objective to increase access to this beautiful sport, we need your help.

We are offering 5 different opportunities for you or your organization, to help us meet our goals, but all contributions are appreciated. Every sponsorship level will receive level recognition on our website prairiefirevc.ca/sponsors AND be featured during our live game streams on YouTube @prairiefirevc. In addition, you will also receive:
