PATENT

ASSIGNMENT

THIS ASSIGNMENT ("Assignment") is effective as of November 1, 2019 ("Effective Date") and confirms the assignment made and entered into by and among Visautact LLC, a California limited liability company, on one hand ("Assignor") and the following three individuals on the other hand:

John Mina, an individual residing in West Hills, CA
Benjamin Albaum, and individual residing in
Ryan Capatosio, an individual residing in

John Mina, Benjamin Albaum and Ryan Capatosio shall be collectively referred to as the "Assignees."

1.0 BACKGROUND

1.1 Assignor is the owner of US Patent No. 10,290,222 titled "Interactive Tutorial With Integrated Escalating Prompts" and U.S. Provisional Patent Application Serial No. 62/221,202 filed on September 21, 2015, to which US Patent No. 10,290,222 claims priority. The subject matter of the US patent and the related provisional patent application shall be referred to as the "Invention."

1.2 Assignor in connection with its winding down desires to assign all right, title and interest in and to the Invention to Assignees to continue to developing technology and intellectual property related to the Invention.

1.3 For one-dollar in consideration from each of the Assignees, the receipt and sufficiency of which is hereby acknowledged, Assignor is executing this Assignment to the Assignees to formally transfer to the Assignees all right, title and interest in and to the Invention and all Letters Patent granted from the Invention.

2.0 ASSIGNMENT

2.1 Assignor sells, assigns and transfers to Assignees all exclusive right, title and interest in and to the Invention and all Letters Patent granted from the Invention in the United States, including any continuation, division, renewal, substitute or reissue thereof for the full term or terms for which the patents may be granted. Assignor also assigns all right, title and interest in and to the Invention, including all intellectual property rights and copyrights in the Invention, to Assignees.

2.2 Assignor grants to Assignees the exclusive right to file patent applications on any aspect of the Invention or include disclosure on any aspect of the Invention in any patent applications directed toward any improvements.

2.4 Assignor further transfers and assigns to Assignees all causes of action, rights, and remedies arising under any such patent, related legal rights, or application prior to or after the Effective Date of this Agreement.

2.5 Assignor hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this assignment of the Invention and all the related patents and patent applications filed therefrom.

2.6 Assignor further covenants that, upon Assignees' request, Assignor will promptly provide Assignees with all pertinent facts and documents relating to the Invention, and patents or patent applications as may be known and accessible to Assignor testify as to the same in any interference or litigation process related to it
