CHALLENGE TASK

Marshmallow Tower

Name:

Marshmallow Tower

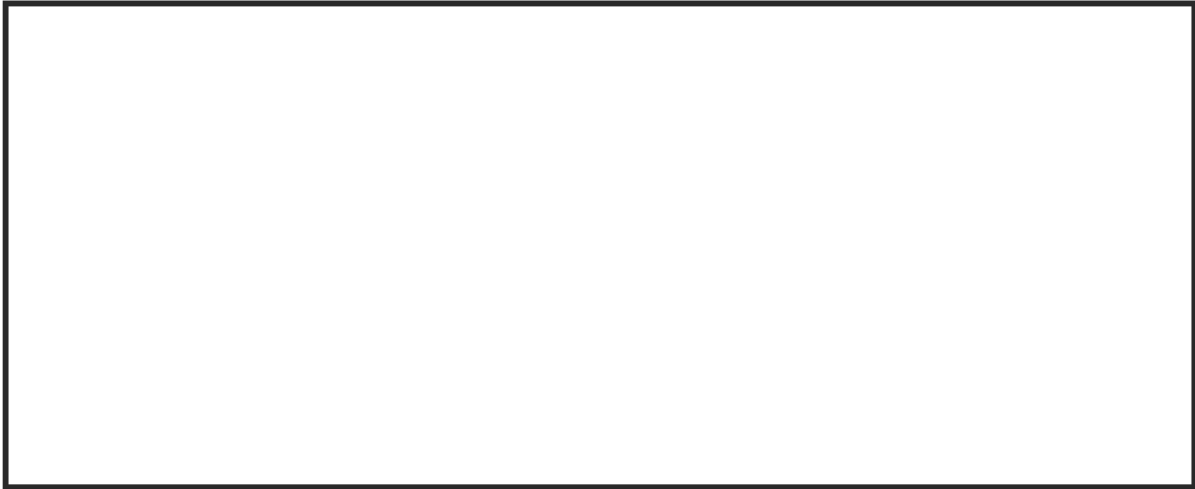

Challenge:

This challenge promotes teamwork, problem-solving, and understanding of geometric shapes and stability. Working in teams, use spaghetti noodles and marshmallows to construct the tallest freestanding tower possible. Measure and compare with other teams.

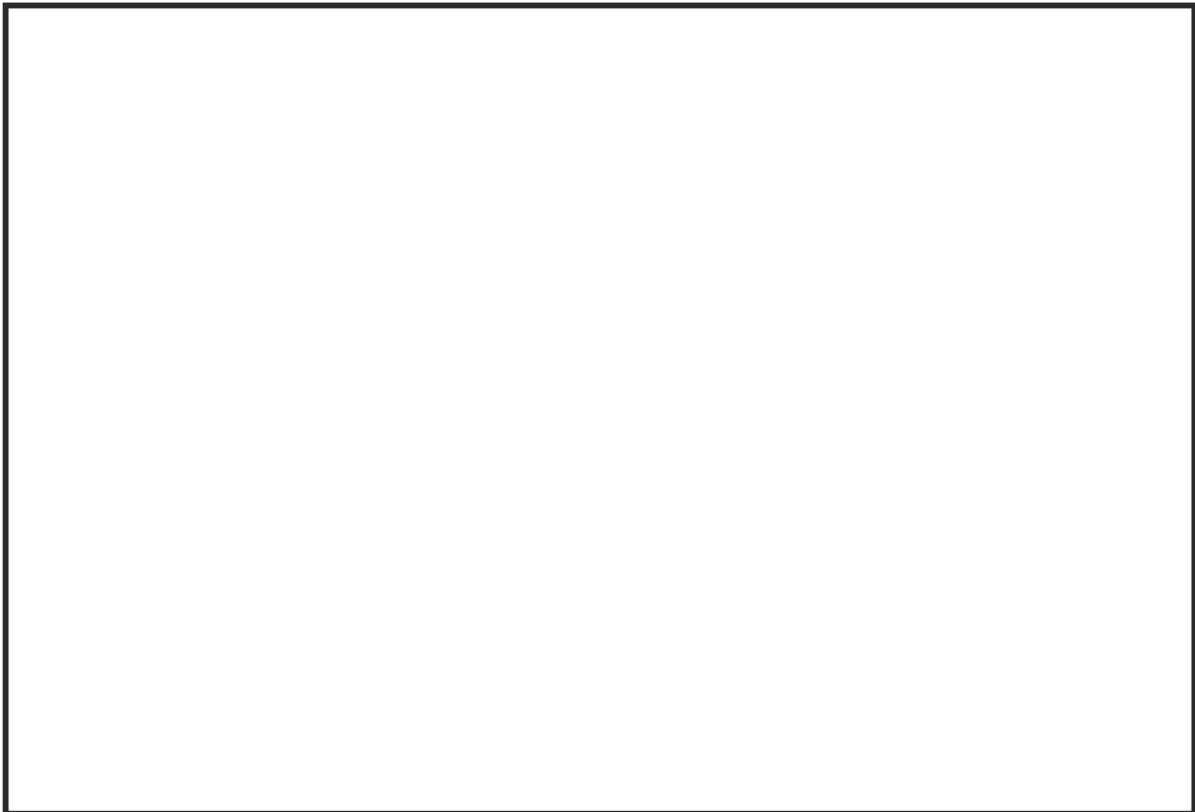

Brainstorm:

Marshmallow Tower

Materials:

A large, empty rectangular box with a black border, intended for listing the materials needed for the Marshmallow Tower activity.

Labelled Diagram:

A large, empty rectangular box with a black border, intended for drawing a labelled diagram of the Marshmallow Tower.
